## HOGS BRINGING SLIGHTLY MORE

PRICES UP ON MEAT AND PORK THIS WEEK.

Mutton Shade Lower for Spring Lamb—Losses Material.

While the future of cattle prices at Portland depends upon the volume of receipts next Monday, the present situation is rather strong with values generally well maintained.

Real good medium weight cattle are still in best demand with heavy stuff showing less strength, although no weakness.

At Chicago there was a steady tone for cattle with values about a dime lower.

Situation in the hog trade was fractionally easier with tops at \$8.10 or a nickel below yesterday, although it is quite probable that full former prices would have been obtained for extra select quality says Portland dispatches.

Hog supplies at North Portland have been rather short recently, receipts being good on only one day—the first of the week.

At Chicago there was a good tone in the hog trade.

While the trade in Portland is anticipating a gradual price decline for mutton, still the losses are expected to be smaller than in recent seasons.

**The Penalty for a Good Reputation**

When an article has been on the market for years and has given complete satisfaction when used in thousands of homes it creates for itself a valuable reputation, yet at the same time this good reputation has its penalty.

Foley's Honey and Tar Compound enjoys a splendid reputation, for it has been used for three generations. Its fair name and high repute have created a demand for it, and to supply this demand at a greater profit imitations and substitutes are offered.

Purchasers who know the original cannot be fooled by any "just as good" offering and it is worth the effort of any one who wants a reliable cough syrup to insist upon the original and genuine Foley's Honey and Tar Compound, which has proven so valuable for the relief of coughs, colds, croup and whooping cough.

it as stone in the bladder and prescribed Lithia water. I took Lithia water and tablets for some time and received no relief from them. I stopped taking medicines for some time, later having some Swamp-Root in the house I decided to try it and felt much relieved. While taking the second bottle commenced to pass gravel until I had passed in all at least a half dozen or more and have not suffered the slightest since—and in all have taken one bottle and a half and feel very grateful to Swamp-Root.
