GIRL FONDLES MAN-EATING LION

MISS MABELLE STARK.

Daring trainer of wild animals who performs a troupe of educated Bengal tigers with the Barnes circus which will show here.

"Sampson," the aviation lion, is one of the amazing, spectacular numbers presented by the Al G. Barnes three-ring Wild Animal Circus. Sampson is a full grown, jungle-bred, man-eating African lion, said to be finest specimen of his race in captivity.

The lion and trainer, Miss Mable Stark, mount a balloon basket and are taken to the top of the big tent. Roman candles, sky rockets and colored fire are placed all around the arena and sputter and shoot almost under the nose of the big beast, but so perfectly has he been trained to do his act, he seems totally oblivious to the fires close proximity.

Due to the fact that the entire entertainment is given by a troupe of over 600 educated wild and domestic animals the Barnes circus is widely different from any other known. This animal acting troupe consists of nearly every known species, the whole aggregation working as a unit in the instructive, amusing entertainment. The Barnes Circus is distinctively the "show that's different," and ranks as the original and largest wild animal show in the world.

The public is presented free a glittering, mile-long, new feature parade at 10:30. Performances are given at 2 and 8 p. m.

The date for La Grande is Tuesday May 25.

Wreck on Sumpter

Kaker, May 13.—The Sumpter Valley passenger train running from Prairie City to Austin was ditched shortly before noon yesterday as the result of a truck jumping the track, according to the official report at the Sumpter Valley offices.

The accident happened two miles from the summit of Dixie mountain and three people were hurt, none very seriously. Two ladies, one said to have been from Boise and the other from Austin, were somewhat cut, the latter being in the worse condition. She was taken from the relief train at Austin. One gentleman was badly cut when thrown through a car window.

It was first reported that Engineer Jack Hiatt had been fatally injured, but this was denied by the Sumpter Valley officials, and his name appeared on the list of the company's men who stayed at the scene of the wreck to assist in the work.

The engine and two cars of the train turned partially over, but strange to say little or no damage was done. That \$125 will cover the actual loss to the railroad company was the statement made by Auditor J. L. Soule last evening. A wrecking outfit was on the scene shortly after the accident and the morning train from Baker continued on the other division beyond Austin, bringing the stranded passengers on to Baker.

Lame Back

Lame back is usually due to rheumatism of the muscles of the back. Hard working people are most likely to suffer from it. Relief may be had by massaging the back with Chamberlain's Liniment two or three times a day. Try it. Obtainable everywhere.

PRESTIGE The reflection of QUALITY

The satisfaction of good Workmanship, good Material, remains long after the price is forgotten on the House that you build for a Home.

H. E. ROSKAMP, Contractor & Builder
