ANOTHER PROOF OF THE EFFICIENCY OF ELECTRIC RANGES

The new Darland apartment houses on Fourth Street will be equipped with Hughes Electric Ranges throughout. The installation of these ranges will make these apartments the most modern and convenient furnished apartments in the city.

Why not have an electric range in your home? Our meter readers are distributing a pamphlet of information on this subject, please read it carefully, then call at our office, where samples are on display, for further information.

Will you trade a few minutes of your time for some good hard American dollars—lots of your neighbors are supplying their tables from our store—they are not only getting the best, but are saving money. They will be glad to verify this. DO YOU just kick about the hard times, or do you look around and make comparison? High cost of living is largely due to waste.

OUR POLICY is large volume, small profits, and elimination of waste. Nor do we wait to have dropping prices forced upon us. We drop them with the market. Not the week following. Ask your neighbor about this—it will take just two minutes. Then if you really and truly want to reduce your living expenses, you will telephone your order daily to MAIN 70.
