College Girls Put One Over.

Deleware, O., May 20.—Ohio Wesleyan girls have turned the tables on the ogling males of the school, and hope to be free from same as long as the memory of their tricks lasts. The girls had protested in vain against passing through lines of staring male persons at the entrance to Gray chapel—then they had a meeting of the board of strategy.

After running the gauntlet of critical feminine eyes when the girls reached the loafing place first and lined up to inspect them, the college "O. O." brigade disbanded.

STEAMER RAMS SUBMARINE

Philadelphia, May 20.—Captain Ibsen who arrived here with his steamship Waco, expresses the belief that he rammed and sunk a submarine off the coast of Scotland during a voyage in from British ports. The Waco is an American steamer.

Captain Ibsen said his vessel struck a submerged object that shook from stem to stern and he can conceive of no other reason for it than that he hit a submarine. He saw no after traces from the crash.

Union Couple Denied License.

Baker, May 20.—A couple appeared at the office of County Clerk Combs yesterday afternoon seeking a marriage license. All went well until in answer to questions it developed that both applicants were residents of Union county. When told that either one or the other must be a resident of Baker county, the prospective groom stated that the girl now lived here, but would not make affidavit that this county was her bona fide place of residence.

After considering the matter for some time, he said: "Well, it don't make any difference whether we get the license now or not. We were not intending to get married right away."
