NEW PROVISIO TO SAVE COIN

Postmaster E. E. Bragg has been advised that every person in the United States ten years old or over may open an account in a postal savings bank after July 1st, according to an instructive leaflet on the Postal Savings System just issued by Postmaster-General Burleson. This important extension of the service will be made possible by permitting persons living in communities so sparsely settled as not to justify the designation of their local post offices as regular postal savings banks to open accounts by mail.

Governor Dockery, Third Assistant Postmaster General, who has direct supervision of postal savings, was so impressed by appeals from all over the country to open postal savings accounts by mail that he took up the task some weeks ago of working out a feasible and safe method for meeting a demand well illustrated in a letter from a Saline County, Missouri, who resides many miles from a postal savings bank.

"Having a few hundred dollars saved from fifty years of hard and arduous labor and skimming savings on the part of my wife and myself we concluded to deposit it in the Postal Savings Bank of We wrote to the postmaster at that place and received reply to the effect that we but patrons of that office could deposit it in that office which is very disappointing news to us. Our little fern is not large enough to support us and land is so high that it is impossible for us to buy more with what little we have saved and we are so old that we can't labor much now and we would be so glad to lay it at least enough to put us away in de-

Under the plan adopted by the Postmaster General for opening accounts by mail an incoming depositor residing where there is no regularly designated postal savings bank, will apply to his local postmaster who will see that necessary identification data is prepared and forwarded to a nearby postoffice authorized to accept deposits. The intending depositor will then be given permission to forward his first and subsequent deposits by money order or registered mail direct to the postmaster at the banking point for which receipts or certificates will be issued. He may withdraw all or any part of his postal savings by mail and on demand together with any interest that may be due him.

The new leaflet points out that any person ten years old or over may open an account in his or her own name; that an account may be opened by a married woman free from any control or interference by her husband; that post office officials are forbidden to disclose to any person, except the depositor, the amount of any made without previous notice; and that the Government guarantees to repay all deposits on demand with accrued interest.

The leaflet will soon be printed in 22 foreign languages for distribution through local postoffices. The foreign born citizen has taken very kindly to postal savings, and literature in his own language will be of great assistance to him. In a recent article, Postmaster General Burleson commented on the foreign-born depositor as follows:

"Upwards of 500,000 depositors now have accounts in the Postal Savings System and they represent every nationality on the earth. They also represent almost every known occupation—professional men, theatrical people, mechanics, laborers, fishermen, pack peddlers, etc. But the majority are wage-earners, and of this class the foreign-born and largely predominate. A census of depositors taken by the Post Office Department shows that approximately 40 per cent (200,000) of the depositors are foreign-born citizens and they own more than 50 per cent of the deposits.

"There is another reason which led immigrants, unfamiliar with our language and business methods, to turn to the Governor to safeguard their humble savings and that reason is the disastrous experiences many of them have had by the failures of bogus 'private banks' officered by swindlers of their own tongue who have preyed mercilessly upon their loneliness and credulity."

Postal savings receipts have broken all records the past year. During the eight months prior to April 1st there was a net gain in deposits of \$19,000,000, as against a gain of 8,000,000 for the same months the year before. Thousands of new accounts have been opened and the millions made up largely of hidden savings have been turned back into the channels of trade just at a time when there was pressing demand for every dollar.

The Power behind the dough

K C

You may use an old favorite recipe and the best of materials and make it carefully, the oven may be just right, yet you will have a failure if "The Power behind the Dough" is not the right one to leaven it properly and make it light, digestible, wholesome.

Good baking without good baking powder is out of the question. K C Baking Powder has wonderful leavening power, and the double action—in the bowl and in the oven—makes good results doubly certain.

Take no chances of failure—use K C and have "good luck" every time. At all Grocers.

Which—Furnace or Kitchen?

Old-fashioned stoves are furnaces. And such kitchens are much like boiler-rooms.

Always there is soot—and smoke—and gas—and ashes. Always a fire to be built, constantly watched and stirred. Always a litter of the old-stove utensils. And always a task to be done.

Is your wife *always* to spend those hours over a hot, dirty fire? If you could only know sometimes what she is thinking,

Do you know that thousands of women cook their meals by the snap of a switch? Yes, in kitchens as cool and clean and tidy as any parlor. For there is no grime or dirt or reeking gas in electricity. And the Hughes Range heats the food and not the kitchen.

Women are fast finding freedom from the tiresome kitchen tasks. They deserve it. A few years from now they'll show it in *appearance* and *health*.

Hughes Electric Ranges

You can give your wife this happiness. It means new *health*, new *freedom* and an extra hour each day for *rest* and *pleasure*. You can save her all that time and work and trouble for *3 cents a day!*

Step into our show room. See the new Hughes Range. See how simple in operation—how efficient in consumption of fuel. You can't *afford* to be without it.

ONE LA GRANDE FAMILY USED ANOTHER MAKE OF ELECTRIC RANGE. THEY WERE PLEASED WITH IT BUT WHEN WE INSTALLED A HUGHES WITH ITS INSTANTANEOUS HEAT ANOTHER LOYAL SUPPORTER FOR THE HUGHES WAS ADDED TO THE INCREASING LIST
