

FISH CAR IN JOSEPH TODAY

ANNUAL DISTRIBUTION OF FISH COMMENCES.

Occasional Bass Caught in River Show Thriving State.

Distribution of fish to Eastern Oregon streams and lakes has commenced for the current season.

Today the fish car went to Joseph on the morning train with a shipment of Eastern brook which seem to thrive remarkably well in the big body of water at Joseph. In due course of time the annual supply of fry will commence to arrive for streams nearer La Grande.

Occasionally someone catches a bass in the river out in the valley. Such instances indicate that the plant made last year is growing vigorously and is a decided success.

Sunday afternoon Elgin and La Grande play ball on the local grounds in the Eastern Oregon league and Union and Baker clash. The leaders are so nearly bunched that games lost or won are going to have material bearing on the results of the race.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back Hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

DEEP CURVE LENSES

Are designed especially to relieve all forms of eye strain and to correct more perfectly errors of refraction. A few of the advantages of Heacock's deep curve lenses are: Clearer Vision, Wider Field, Greater Comfort and Improved Appearance.

My work combines that of both oculist and optician. I prescribe, grind and fit my own glasses. The responsibility is mine—the comfort and satisfaction is yours. You only have one pair of eyes; take them to the best specialist in La Grande. That's Heacock.

DUTY OF THE CHURCH.

It is the duty of the church to make religion supreme. To leave the word of God and serve tables; to subordinate salvation to social service; to substitute philanthropy for piety; is a weakness of the flesh, a compromise with the world, a concession to the devil. This is the "passing of faith;" this is the "decadence of the ministry;" this is "materialism in the church." This is to give up, to surrender to the clamor of those who believe mistakenly that man can live by bread alone.

To make a church a religionless mixture of civil service reforms, debating societies, gymnasium contests, oyster suppers, ice cream festivals, stereopticon lectures, good advice, coal saving funds, sight singing classes, dancing schools, refined minstrel shows, reading circles and dramatic entertainments is certainly not to seek first the kingdom of God and his righteousness.—Rev. David M. Steele, Philadelphia.

Bad Disease.

A well known railroad president once took occasion to visit a small southern town to enjoy the excellent fishing near by. He carefully concealed his identity and was consequently snubbed by a "leading citizen" with whom he attempted to strike up a conversation on the banks of the stream. When leaving he secured the services of an aged black to carry his things from the hotel to the depot. There the departing visitor caught sight of the man who had given him the cold shoulder. "Poor Smith!" he said, smiling amusedly. "Suffering from an aggravated attack of egotism?" "Dat so?" said Uncle Silas in surprise, following his gaze. "He done lived here more'n twenty years an' Ah nevah knowed afore dat he wuz allin'."—Argonaut.

SPRING BLOSSOMS.

Melba's Pullman Porter Critic.
One American experience recurs to me at the moment. I had been appearing in "Faust," at Washington, and, getting into the train after the performance rather tired, was not unnaturally annoyed at finding my state-room unprepared. I called the colored attendant, who kept me waiting a long time before he condescended to appear.

"Why is my berth not ready?" I began.

He looked me up and down indifferently.

"I saw you play Margaret (Marguerite) this mornin'," he said defiantly, "an' I thought you weren't a bit o' good. You'll hev to wait. But Plan kon (Plancon) was fine," he added as an afterthought.

Two years afterward I received a letter from this same ebony critic. "I heard you last night as Manon Lescaut," it ran, "and it was real fine. You beat the band. I take it all back."—Mme. Melba in Strand Magazine.

Opening Day at Panama-Pacific Exposition Broke All Exposition Attendance Records

ALL attendance records for exhibitions were broken at the opening of the Panama-Pacific International Exposition in San Francisco on Feb. 20. Vast crowds thronged the grounds when President Wilson pressed the button in Washington, and each day since the attendance has been enormous. The huge buildings and beautiful thoroughfares hummed with activity and have continued to do so.

The Exposition has already demonstrated at this early date that it will be a great success in every way.

Fortified Tires

Have Pushed Millions of Rocks from the Tire Road

They have saved waste and trouble to hundreds of thousands of motorists. The result is that last year, despite some hundred rivals, men bought about one Goodyear for every car in use.

The rocks that remain are Mishap and Misuse. No tire can ever avoid them. But if you'll judge tires by merit, not by luck, you are bound to come to Goodyears. You'll find they average best.

The Rocks Avoided

We have saved millions of rim-cuts, blowouts and loose treads by features exclusive to Goodyears. We have brought you security through our piano-ware base.

Our All-Weather tread—exclusive to Goodyears—has minimized punctures, tread wear and skidding. It is tough and very thick. The grips are sharp-edged and resistless.

All these protections—the best ever developed—are in Goodyear Fortified Tires alone.
