IS YOUR STOMACH CLOGGED WITH WASTE?

Newlin's Drug Company Guarantees to Return the Money if Mi-o-na Does Not Relieve You.

"It's a pleasure to sell a medicine when your customers come in afterward and tell you how much good it has done them," said Newlin's the popular druggists to a La Grande man, "and that is why they like to sell and recommend Mi-o-na, the dyspepsia remedy. They have so much faith in this article that they are going to guarantee it in the future, and will return the money to any purchaser of Mi-o-na whom it does not help. That may seem rash but their customers have said so many good words in its favor that they do not expect to have many packages returned.

"Anyone who has dyspepsia, whose food does not digest well, and who has to take thought as to what he can eat, and when, can leave 50 cents deposit at their store and take home a box of Mi-o-na and if the remedy does not regulate his digestion and help his dyspepsia he can withdraw his money."

This shows great faith in the merit of Mi-o-na. It is really a most unusual medicine and the rapid increase of sales since they introduced it in La Grande shows that it does all that it is claimed to do—relieves dyspepsia, regulates digestion and enables those who use it to eat just what they want with no fear of trouble after.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.
