**"The White Scar"**

**BROADWAY FEATURES**

Friday and Saturday of this week, Hobart Bosworth will be at the Arcade in "The White Scar" a story with a punch of the Northern woods.

Hobart Bosworth, distinguished Broadway star, beloved idol of the screen and producer of the Universal Broadway feature productions, "Fatherhood," "Colorado," "A Little Brother of the Rich" and "The White Scar," a five-reel drama of the Canadian woods, one of the most lavish and picturesquely staged photoplays of a fast-passing phase of American life yet produced.

There's more than the ordinary "punch" in the scores of thrilling situations in "The White Scar," and each and every one of them is set in the most marvelous outdoor surroundings ever used in a picture. Jane Novak, Anna Lehr, Frank Newburg, Norval McGregor and Ronald Bradbury play the principal roles in support of Mr. Bosworth, who enacts the part of Na-Ta-Wan-Gan, a white trader and trapper among the Indian tribes.

Notable as Universal photography has been in the past, it is doubtful if cameramen at any time anywhere have equalled the perfectly wonderful work shown in this film. "The White Scar" is a photographic gem, filmed in brilliant sunshine under California's cloudless skies in settings of primitive beauty. The cameramen who so carefully filmed it have used every known device in cinematography to add to the beautiful presenta-

tion of Ronald Bradbury's story by Mr. Bosworth and his players.

The play tells a story of the Canadian woods, the Hudson Bay trading posts, it introduces several tribes of native Indians, real hunters and trappers, and in addition depicts a powerful drama of the wilds in wonderful, natural settings of primitive beauty. The action is of the tensest nature and the whole seems like a real life production.

No words can describe the beauty of this wonderful production. It is a stirring drama, with an unhackneyed, unusual plot set amid scenes strange to most of us—far away in the mountain fastnesses.

Moving picture enthusiasts will see in "The White Scar" a second Hiawatha. Even the titles are in the form of blank verse in which Longfellow wrote his famous poem, and all were written by Mr. Bosworth himself. As actor, author, poet, painter and musician, Mr. Bosworth is the most accomplished, versatile and cultured gentleman now engaged in the photoplay art.—Adv.

### FIRST YEAR STERNOUS.

(Continued From Page One)

The three Commissions total 10 out of 112 meetings; while the absences of the former Governor in 172 meetings during 1914 were 47.

In addition to being "on the job" with the various boards of which he is a member, the Governor has devoted much time to the various state institutions, and has been particularly active in his personal supervision of the flux operations connected with the penitentiary, and has also kept in close touch with all agricultural and livestock development associated with the state properties.

In short, his record shows that there were few men in Oregon, who have maintained a harder pace than Governor Withycombe during the year just closed, and probably no state executive who has devoted himself so conscientiously and actively to his duties. With all the Governor seems to flourish on his strenuous program, and is credited with having more "pep" even than when he was inaugurated.

"My only complaint," says the Governor, "is that the days are not long enough—it actually seems as if they ought to cover 36 instead of 24 hours in order to give me time to do the

## LOW PRICED CAR COMPETES

AL DANIELS AND "BILL" DAUGHERTY TO SELL CHEVROLET.

Claim It Is a "Dinger" in Every Respect and Predict Big Sales.

Another low priced automobile has opened headquarters in Union county with Al Daniels, one of the popular men of the Cove country, and "Bill" Daugherty, well known in automobile circles of La Grande, as agents for Union and Baker counties.

This car is the new Chevrollet which sells at factory for \$490 is the product to be sold by these gentlemen and they make strong claims for it. Among the things they claim for the car is very strong, powerful motor, three gears forward, external appearance of good lines, etc.

It will be remembered that one of the prominent men who helped make the great success of another low-priced car has joined the Chevrollet company and the capacity of the plant has been greatly increased.

Daugherty and Daniels are sanguine in their forecast for the year's sales in these two counties on the little car.

### EX-STARS BOOKED.

Alumni and High School Quints Will Match Strength.

The first game of the season for the local high school squad will be played Saturday evening when the Alumni will try to prove that they are far from being "has-beens." Such men as Lottes, Larsen, Woods, Carpy, Rosenbaum, Bohnenkamp, and Peare will form the Alumni team and stand a very good chance of slipping one over the youngsters who have been showing a decided lack of pep and ability. Coach Reynolds has been trying out several men at the different positions and will pick his team out of the following men: Captain Huff, Rosenbaum, Larsen, Reynolds, McDonald, McGinnis, Moon, Bean, Millering, Adcock or Johnson. Last evening the Sophomores took the freshmen into camp by a score of 18 to 15. The Freshies showed something more than had been expected and it was only until the last few minutes that the Sophs went into the lead.

### Junction City Store Is Looted.

Junction City, Or., Jan. 5.—The store of Parkhurst & Jones, here, dealers in electrical supplies and bicycle sundries, was entered by burglars Monday night and robbed. There were 75 pocket knives, five razors and two watches taken. Entrance to the building was gained by breaking the rear window. There is no clew to the guilty parties.

### S. M. RICHARDS DEAD.

Man Aged 86 Passes; Remains to Go to Dayton.

Samuel M. Richards, aged 86, died yesterday. He is survived by his wife, four sons and a daughter. The remains will be shipped to Dayton, Saturday, after preparations for shipment at the Bohnenkamp chapel.

### Plague Victim Interred.

The remains of the late Pansie McCruery, aged 34, have been laid to rest from the M. E. church south. The lady was a victim of tuberculosis. She is survived by her parents and other relatives.

Intelligent Youth.—The boy was very small and the load he was pushing in the wheelbarrow was very, very big.

A benevolent old gentleman, putting down his bundles, lent him a helping hand.

"Really, by boy," he puffed, "I don't see how you manage to get that barrow up the gutters alone."

"I don't," replied the appreciative kid. "Dere's always some jay a-standin' round as takes it up for me." —Puck.

### WEEKLY REPORT.

General manager's report for the week ending January 1st, 1916:

The street superintendent spent \$27.20 for teams and drivers; \$12.50 for white wing and 25 cents for nails. The work consisted of taking care of the snow and ice on crossings, in gutters and in the irrigation ditches through town.

The water superintendent spent \$28.75 reading meters and repairing.

The police arrested six on city and two on state charges. Two were drunk and two were disorderly. Served ten meals to city and four to state charges. Fines were \$33.00. Had one special officer New Year's eve on city pay and two paid by private parties. Thirteen lights were reported out. Had ten sleepers. Will say that J. C. Ardrey assumed the duties of chief of police vice C. B. Orsi resigned, and J. C. Christiansen was appointed as policeman vice M. E. Brady resigned.

The recorder reports \$35.00 fines and forfeitures for last week. He drew warrants for \$16.70 on the Contingent and \$108.67 on the Water fund. \$101.37 was freight on the alve studs for the intake dam. He drew a warrant for \$1080.00 interest on the Improvement District fund for coupon nine, bonds 146 to 175; coupon bonds 399 to 424 and 311 to 318; coupon four bonds 732 and 740, and \$11 to 614 and coupon eight, bonds 257 and 258. He drew a warrant on the special interest fund for \$625.00 interest on city hall bonds and \$250 interest on additional sewer bonds. He drew warrants on the Water fund for \$252.75, for bills allowed, and on Improvement District interest fund for 1.87 interest on bond No. 425, coupon seven.

The treasurer collected \$39.76 water; \$250.10 Improvement District Installments; \$81.15 Improvement District interest; \$19.35 principal and \$8.65 interest sewer 1, section 5; \$1.00 for two electrical permits, and \$492.17 December collections of the city recorder's office. He said \$29.16 water warrants; \$16.70 Contingent warrant and \$31.87 Improvement District interest. December 1915 water collections were \$1964.54. In December 1914 they \$1879.30. The treasurer was absent one and one half days during December on private business.

### ENGINEER RESIGNS.

(Continued From Page One)

scribed by the Commission of said City and the Charter thereof."

In this connection the commission passed the following resolution: "That the salary and compensation of the City Engineer shall hereafter be the sum of \$100.00 per month for each calendar month of service (or proportion of such sum for service during a part of any month.)"

Section 2. That the salary of the City Engineer, who is in office when this Resolution goes into effect shall be calculated at the rates specified in section one of this resolution, from the time of his appointment to such office to the end of the month or end of service."

Section 16 of the charter, says: "The City Engineer shall have the supervision of all surveys of streets, squares, parks and all construction work done thereon, either by contract or otherwise; and he shall, when requested by the Commission or General Manager, furnish profile maps, plans, specifications, and estimates of all public work and buildings in which the city may be interested, including the laying of sewers and water mains and pipes; and he shall certify to the Commission or the General Manager, when so requested, his findings regarding the completion of any contract for any street, park, building or other improvement in which the city may be a party; and he shall perform such other duties as may be prescribed by ordinance."

It is understood that when Mr. Howland was out of the city the city should pay his necessary expenses which it is including traveling and boarding expense while on the job, which is always understood. The city furnished equipment, and assistants to help in the work. The city has spent \$300 for engineers other than Mr. Howland on this particular job. A very small item of this \$300 was for expenses. Mr. Howland asks for \$1250 as a commission, and the city has tendered him \$250 as a fee above the regular salary paid, wages paid assistants and other engineering expenses.

In the view of an understanding two of the commissioners had with him, we have tendered him the \$250, which he has refused.
