AL PUCKETT IS ACQUITTED

AFTERMATH OF AUTO ACCIDENT IN COURT.
 Jury After Two Days of Trial Acquits the Defendant.

Union, Ore., Jan. 20.—Al Puckett, who has been on trial in the Justice Court in this city for the past two days was last night acquitted by the jury, of the charge of violating the law by running his car after dark without lights. Mr. Puckett ran into a rig driven by T. J. Norval a few weeks ago and threw the occupants T. J. Norval and H. N. Prather out, demolishing the rig. Mr. Puckett paid all the damages and the case this week was brought by Prather. R. J. Kitchen prosecuted the case and Ter-

ral and Shelton acted for the defendant. The case has created a great deal of interest and was well attended.

HAS FAITH IN QUICK REMEDY FOR CATARRH

The La Grande Pharmacy Guarantees That Hyomei Will Relieve the Worst Cases of Catarrh in La Grande.

When one of the most reputable concerns in La Grande guarantees that a medicine will produce benefit or they will refund the money, it speaks volumes for the merits of that remedy. It is in this way that they are selling Hyomei, the treatment that has helped so many cases of both acute and chronic catarrh in La Grande and vicinity.

Hyomei is not a pill nor is it a spray or a lotion that must be rubbed in. It is an oil, the air of which you

just breath in your nose, throat and lungs by the aid of an inhaler that comes with every outfit. Benefit will usually be seen from the very first treatment.

This air destroys all germ life in the air passages and lungs and enriches and purifies the blood with the additional ozone it supplies. It banishes catarrh of the head and throat and respiratory organs. Wherever these mucous membranes contain catarrhal germs, there Hyomei will do its work of healing.

The complete Hyomei outfit is inexpensive and includes an inhaler, dropper and sufficient Hyomei for several weeks treatment. Have you cold feet? Try the new metal hot water bottle at Silverthorn's.—Adv. 1-15-tf.

MUCH WHEAT SOLD.

Union, Ore., Jan. 20.—Fifteen thousand bushels of grain have been purchased from the local farmers this week by the Union Flouring Mills Co. The price paid was \$1.00 per bushel. Almost all the grain growers are selling this week. The general consensus of opinion is that wheat will go but little higher than this this winter.

RUMORS BRANDED FALSE.

General Denial of Reports Concerning O. A. C. Athletes.

Corvallis, Jan. 19.—That Harlie, an "ineligible," had played with the Beaver football team at East Lansing, Michigan, last fall; that Dr. Stewart had been called before the athletic board to answer to this charge, and also to that of making his recent trip to the East at college expense, "supposedly for the purpose of arranging next year's contract with Syracuse University but really to visit the University of Nebraska and to complete arrangements to secure the position there he has recently accepted;" and that Blackwell disappeared from college about the time of the Michigan game, are some of the sensational statements recently appearing in the Morning Oregonian under an Albany date line. The information was said to come from a "reliable source," and the story was printed in Spokane and Seattle papers and was sent broadcast over the East by the Associated Press.

Investigations immediately instituted here prove the absolute falsity of all the statements, which apparently were based upon rumors spread abroad by persons doliberately unfriendly to O. A. C.

Have you cold feet? Try the new metal hot water bottle at Silverthorn's.—Adv. 1-15-tf.

Baby's Skin Troubles.

Pimples—Eruptions—Eczema quickly yield to the soothing and healing qualities of Dr. Hobson's Eczema Ointment. October 30, 1913.

Messrs. Closset & Devers, Portland, Oregon.

Gentlemen—Some two years ago I had the pleasure of using Golden West Coffee for a year and found it to be the best coffee I have ever used. It is so good that I have since purchased it in large quantities and have found it to be the best coffee I have ever used. It is so good that I have since purchased it in large quantities and have found it to be the best coffee I have ever used.

"How We Put Preparedness Into Our Business"

A Policy that Has Brought Success to the McDonald & Noe Company of Buffalo, N. Y.
 By EUGENE NOE
 Secretary-Treasurer of the Company

It proved the biggest thing we ever did for our business.

I believe protection to our charge sales alone was worth the price, but this was only the beginning of the things that machine is doing for us.

It not only assures accuracy—it saves time and cuts bookkeeping costs in two.

I found an overcharge of \$10.00 on one account—and by perverse luck, it was the same customer to whom the same thing had happened the previous month.

That set me thinking and I wondered: How many errors like that were slipping by?

Such mistakes were costly.

When they were against the customer it caused dissatisfaction. When they were against us it played havoc with our profits.

Something had to be done to prevent errors in our bookkeeping.

What we actually did had a bigger result than we expected. It put preparedness into our business—preparedness that is based on accuracy, promptness and knowledge. It brought us success in 1915 and will enable us to take the fullest advantage of increased opportunities in 1916.

An Employee that Makes No Mistakes
 IN 1914 we put into our office an employee that couldn't make mistakes, a Burroughs figuring machine.

She marks each active account with a marker, then goes back and adds up the day's postings on the Burroughs to check against the total of the slips.

This method gives absolute proof every day that all items are charged and charged correctly.

She posts our ledgers, gets out statements and trial balances, journalizes sales, checks invoices and has time to be a stenographer besides.

No Leaks in Our Charge Sales

EVERY day at close of business Miss Wilson checks the additions of our charge slips with the Burroughs. It takes only a few minutes to run through charges on 300 accounts; and she knows the totals are right, for the Burroughs can't add wrongly.

Then she sorts the slips and copies them on the customers' statements—which we keep in duplicate in a loose-leaf binder, filing the carbons and sending out originals monthly.

The Machine Helps in Other Ways
 IT just seems to fit everywhere into our "know your business" policy.

We check all our incoming invoices—chain discounts, additions and extensions. We use it at inventory time to extend all prices and foot amounts.

What It All Means
 WE don't make mistakes in bills, we get out statements on the first, we know what it costs to sell our merchandise, we know our prices are right, we know how rent, heat, light, selling, etc., stand in relation to sales.

And the only employees in the office are a Burroughs and a nineteen-year-old girl.

Yes, the Burroughs has done more than any other one thing to put real preparedness into our business.

Protecting the Retailer's Profits

Whatever your business, your profits are dependent on keeping accounts accurately.

A Burroughs will do that for you in a fraction of the time, at a fraction of the cost required to do the work mentally.

You or your bookkeeper will have time for other work—and you will have the figure facts on which to build a bigger business. This story about the Buffalo hardware store shows what a Burroughs can do for any retailer.

In the Burroughs line are 98 models with 587 different combinations of features. Talk with the Burroughs representative in your city or locality and let him show you how you can cut out the drudgery of handling figures.

Your banker or your telephone book will give you the address of the nearest Burroughs office—or write Burroughs, Detroit, Michigan.
