## LEAP YEAR ADVICE GIVEN

Cleveland, O., Jan. 24.—To all daughters of Eve, who have leap year intentions, the vocational guide and well known bachelor William J. Kibby, today offers advice concerning the habits, characteristics and dispositions of various sorts of men, which is intended to help the girls win their hearts' desires without suffering rebuff in the process. A good deal of what Kibby says is based upon phrenology. A man who has thin, straight lips is branded a cold blooded, stony hearted creature upon whom the dearest girl's appeal would have no effect. This sort of man will do his own proposing, run his own wedding and rule his household; and he'll do it more with his head than his heart. But if the man of your choice has full, well-formed lips, Kibby says you may depend upon his capacity for and inclinations to, love. He also is susceptible to the right sort of feminine approach. Kibby says the way to tell whether the one you love, loves you, is by the coloring of the under lip when he is with you. Every human emotion gives some physical demonstration when it is aroused. The evidence that love has been aroused is given by the deep crimsoning of the under lip. If his under lip is perpetually pale when he is with you, he doesn't love you. If it is crimson and you want him, grab him quick; he won't run. A man with a broad, square, massive forehead is a good business man; he can plan ahead, has good business judgment. If the crown of his head is high and round he is absolutely conscientious, too; and if the back of his head is well rounded out he will love his home, his wife and his children and show them consideration above everything else in the world. The man whose head is flat on top, flat and almost even with his ears in the back and narrow and foreshortened on the front; whose lips are thin, whose eyes are cold, will not make a good husband in any sense of the word, says Kibby. The longer a man's jaw bone, the greater his capacity for affection, according to Kibby. All these things are as applicable to women as to men, in the expert's opinion.

Don't propose to a man who has thin lips. He will score you.  
Don't propose to a man who has just a thin upper lip. He'll scorn you.  
Don't propose to a man whose head runs straight up from the back of his neck. He loves neither home nor wife.  
Don't propose to a man with a super-critical eye. He'll make you sorry.  
Don't propose to a man who has a restrained, quiet, indifferent manner or a purely selfish disposition.  
Propose to a man who has full, but not too full, lips. He will love you.  
Propose to a man who has a good sized bump at the base of his head. He is a good family man and loves wife and home.  
If you love a man who has a twinkle in his eye, propose to him. You'll get him.  
If you love a man who has a frank, open manner, you'll probably get him, too.  
If you want a moneymaker, get one whose forehead is broad and square and long. He will bring home the cash every time.

## GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 600 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.
