LIMITED SALES IN BIG YARDS

OFFERS FOR PORK RATHER IMPROVED.

Beef Changes but Little During Course of Two Weeks.

Portland, Feb. 7.—Steady to stronger is the report of the officials of the Portland Union stock yards this morning relative to the livestock market. No change was made today as the stuff coming in was mostly ordinary and from the valley. The volume of sales were limited and receipts were the smallest ever known on a Monday in the history of the yards. Trains are stalled and tied up in various ways and unable to get through. Many shippers are keeping their stuff on the farm until the railroads are positively able to make the complete run without delays which might cause suffering among the livestock. Long before noon the yards were bare, all stock on hand having been disposed of. This morning \$7.50 was the best price paid for hogs. It is anticipated that before the week is over, this top will be lifted and a new one established. Steers sold as high as \$7.65, within a dime of the top and cows brought \$6.75. The best price paid for heifers was \$6.

Begins Trials Today
Washington, Feb. 5.—The new super-dreadnought U. S. S. Pennsylvania, one of the most powerful sea battlers afloat, began her trials off the Maine coast today.

The Pennsylvania displaces 31,400 tons, is 608 feet over all, 97 feet in breadth and will, if she fills her contract agreement, be capable of developing 21 knots. Her main battery consists of twelve 14-inch guns in four turrets, and four submerged torpedo tubes.

In her secondary battery are twenty-two 5-inch rapid fire guns, four 3-pounder saluting guns, two one-pounder guns for boats, two 3-inch field guns and two .30 calibre machine guns.

Her full complement is 65 officers, 863 men and 74 marines. She has a fuel capacity of 694,830 gallons of oil and 2,322 tons of coal. Her total cost was \$13,000,000.

An idea of the monsters size and power can be better realized through comparison with the Delaware, launched in February 1909, and at that time considered the last word in man-of-war. The Delaware displaces 20,000 tons. She carries ten 12-inch guns in five turrets from which can be hurled a broadside of five tons. A broadside from the Pennsylvania weighs seven and a half tons.

The Pennsylvania was the second ship to be launched since 1843 with ceremonies that included prayer. The other was the Oklahoma, launched in 1914. This latest super-dreadnought was built at the Newport News yards.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a table-spoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.
