NEW DIRECTORY SOON

Home Independent Co. To Issue New Book

Did you ever stop to think that the Telephone directory is the business and social map of the city. If your name is not in it you are practically isolated from your friends and fellow citizens.

We are about to issue a New Directory and wish to request all our Subscribers to notify us at once of any change they may wish to make in their names or addresses. To non-subscribers we would like to point out a few of the many reasons why they should at once have a telephone installed. It puts you in immediate and close touch with all your friends, it places at your disposal the best service of all the leading business men in town; in sickness it may save a dear ones life, and it is a protection against loss from fire and burglars, and all this can be had for the trifling sum of 5c per day. If you have a phone you know what a comfort and help it has been to you in the last few days, if you haven't one you have our sincere sympathies. Come and see us regarding the installing of a phone and get your name in the New Directory.

R. C. U. BUYER'S CONVENTION, CHICAGO.

Why Mr. Wood is in Chicago

This is the week of the semi-annual R. C. U. (Retailer's Commercial Union) convention in Chicago.

In attendance are over 500 progressive merchants who are members of the co-operative buying organization.

Mr. Mac Wood mgr. the Golden Rule Co. has just joined the R. C. U. and is there this week purchasing spring and summer stocks.

During this convention, five floors of Hotel Sherman, one of Chicago's largest hotels, are devoted to the display of the sample lines of 150 of America's foremost manufacturers—lines selected after exhaustive comparisons for the superiority of their goods.

Over 500 R. C. U. Merchants buy their goods together direct from the manufacturer on a big quantity, spot cash basis—an advantage enjoyed only by the largest retail stores, jobbing houses and R. C. U. Merchants.

R. C. U. Merchants have access to makers' lines never offered the small individual merchant.

R. C. U. Merchants' buying power of thirty-five millions annually gets better merchandise at less cost than is possible through individual buying.

R. C. U. Merchants through direct, big quantity, spot cash buying, oust the expense of the middleman, the expense of the drummer and long term credits which the customer of the individual merchant must pay.

R. C. U. Merchants sell goods made according to the drastic specifications of over 500 members which means More of the Better Merchandise For Your Money.

Only one store in a town can buy goods the R. C. U. way so only one store can give you R. C. U. values.

Mr. Wood will soon return home from Chicago where he with 500 other R. C. U. Merchants, have been placing orders at prices that will enable us to undersell other stores.
