## NEW DIRECTORY SOON

Home Independent Co. To Issue New Book

Did you ever stop to think that the Telephone directory is the business and social map of the city. If your name is not in it you are practically isolated from your friends and fellow citizens.

We are about to issue a New Directory and wish to request all our Subscribers to notify us at once of any change they may wish to make in their names or addresses. To non-subscribers we would like to point out a few of the many reasons why they should at once have a telephone installed. It puts you in immediate and close touch with all your friends, it places at your disposal the best service of all the leading business men in town; in sickness it may save a dear one's life, and it is a protection against loss from fire and burglars, and all this can be had for the trifling sum of 5c per day. If you have a phone you know what a comfort and help it has been to you in the last few days, if you haven't one you have our sincere sympathies. Come and see us regarding the installing of a phone and get your name in the New Directory.
