SHADOW LAWN SHOWN.

Film at Sherry's Pictures President's Summer Home.

"Shadow Lawn" the magnificent home given to President Wilson for a Summer capital by the citizens of New Jersey, is made the central figure in a picture running at Sherry's today. It is a Fox drama taken from Marie Correllia's great book "The Vendetta" and through special permission the production of an "Unfaithful Wife" was staged in and about the magnificent McCall estate which is now the nation's summer capital. The story is interesting but has the double significance in that a splendid picture of "Shadow Lawn" runs hand in hand with the story.
