The maid of sports
is out of sorts
With her erstwhile silk sweater;
She now just dotes on jersey coats
And in them looks much better.

New York, Feb. 18.—If little Miss Up-to-the-minute had to appear on the golf course today in anything so passe as a sweater her putting would undoubtedly turn to pouting.

It couldn't possibly serve her in a tennis game and in a sweater in a motor she'd never be in style. To be when she goes in a coat she must be in a coat. Its a case of off with the old dove of a sweater and on with the new love of a Jersey sport coat. This is the answer why the lovely fifteen dollar sweaters of last year are now offered to the not too finicky dressers for \$4.98 at the February sales.

These new Jersey sport coats come in solid colors or stripes in all popular shades and may be either silk or wool Jersey to suit your taste or pocket books.

They are all loose fitting and hip length. One a stunning model has a yoke in front and back and an odd belt made like two belts, one above the other and cuffs made of two deep bands to ape the belt. The rolling collar is a white detachable one.

Another plain coat has raglan sleeves with deep cuffs, deep square collar and the belt, to which the coat is shirred in the back, turns into sash ends in front.

A stripped model has a deep collar and reveals a wide belt, patch pockets and set-in sleeves. It is trimmed in novelty buttons of white centered in the same color as the stripes in the coat. A smart wool Jersey coat is shirred on two cords at the belt line in the back and has sash ends in front. It has the newest note of the season, the cape collar and patch pockets are shirred across the top.

As for pockets, a mention of them in a description of any feminine garment will soon be superfluous as they are featured on frocks, coats suits, skirts and blouses in reckless profusion and construction. Entire sport suits of the jersey cloth are even more chic than the separate coats.

One striking one of white has a deep double cape collar of red Jersey with a red band around the bottom of the coat and red cuffs.

These cape collars, by the way are to be wished on our shoulders outside the field of sports and along with peplums and pockets add the 1916 touches to all our new suits and frocks. As for the material in which they are

Skating Tournament Closes

New York, Feb. 19.—Amateur skaters who survived the preliminary trials whirled and flourished at their best today on the Hippodrome stage in the final events of the big figure-skating tournament. Five cups will be awarded winners of the various classes. Many out-of-town skaters visited New York to compete in the event which has been in progress since Feb. 14. Show girls clasped as professionals because they frisk about on the ice in the show are barred from the competition but have attended the meet to observe new wrinkles on steel runners.

TODAY'S ODDEST STORY

St. Paul, Mich. Feb. 19.—Minnesota traveling men, in state session here today, launched a movement to the legislature to permit them to vote by mail at state elections. A. F. Wixon of Minneapolis heads the movement.

NEW DIRECTORY SOON

Home Independent Co. To Issue New Book

Did you ever stop to think that the Telephone directory is the business and social map of the city. If your name is not in it you are practically isolated from your friends and fellow citizens.

We are about to issue a New Directory and wish to request all our Subscribers to notify us at once of any change they may wish to make in their names or addresses. To non-subscribers we would like to point out a few of the many reasons why they should at once have a telephone installed. It puts you in immediate and close touch with all your friends, it places at your disposal the best service of all the leading business men in town; in sickness it may save a dear ones life, and it is a protection against loss from fire and burglars, and all this can be had for the trifling sum of 5c per day. If you have a phone you know what a comfort and help it has been to you in the last few days, if you haven't one you have our sincere sympathies. Come and see us regarding the installing of a phone and get your name in the New Directory.

So many who practice what they preach have such bad sermons.

Said the Critic,

"Give us TRACTION, —without FRICTION!"

MAKING the "Silvertown" Cord Tire, taught us a few lessons in the manufacture of lighter, cooler, more flexible and enduring FABRIC Tires.

The "Silvertown" Tire, you know, gains its marvelous Speed (and the Coasting qualities that demonstrate its Speed) primarily through having only TWO layers of Cords, laid transversely.

Of course, these TWO layers bend more readily than Five, Six, or Seven Layers of Fabric do (or of Cord would).

But, we found it necessary, in order to conserve that flexibility (in the Two-cord construction), to put a Rubber Tread over it which was equally flexible,—equally strong,—and elastic enough to act as a sort of spring between the Earth and the Tire-casing, when Brakes were thrown on at stopping, or clutch thrown in at starting.

So, we had to devise practically a new kind of Rubber, for this purpose, TWO YEARS AGO.

And this new kind of Rubber Compound now does for GOODRICH Tires a work paralleling that done by the wonderful Alloys of Steel and Bronze in modern Motor Car construction.

It multiplies Rubber Efficiency, for Tire purposes, while decreasing its Weight, and without increasing its Bulk, or its Cost to you.

AS we cannot yet supply half the demand for "Silvertown Cord Tires" (until enough manufacturing equipment can be constructed) we compromise with the Public by giving them, without additional charge, the highly efficient black Silvertown Rubber in all Goodrich FABRIC Tires for 1916.

This makes GOODRICH Fabric Tires the most Resilient and Responsive-to-Power,—the most Long-Lived and Lively, of all FABRIC Tires, at ANY price,—without increasing their relative price to you.

We call this new Silvertown Tread Compound by the name and brand of "Barefoot Rubber."

Because, it CLINGS to the pavement for the same sort of reason that your bare foot clings to a slippery floor, while being flexible, stretchy, springy, and light.

TENACIOUS, resilient, enduring, this "Barefoot Rubber" you today get in all black-tread Goodrich Fabric Tires,—Goodrich Motor-Cycle Tires,—Goodrich Truck Tires,—Goodrich Bicycle Tires,—Goodrich Rubber Boots, Overshoes, Soles and Heels, and in none but GOODRICH products.

Test out a pair of these moderately priced black-tread FABRIC Tires and see what results from the mixing of BRAINS with Rubber.
