CAT SQUADRON DESCRIBED.

With the cat Squadron (Somewhere on the English coast) Jan. 23. —(By Mail) —"In case of a sudden call, how long would it take you to get under way?"

"Oh, not very long."
"How many of those four-inch shells do you usually carry?"
"Well, a good many."
"How rapidly can you fire that new gun?"
"That all depends, you know." Thus did the skillful sea-fighter dodge some of the multitude of questions fired at him today by his visitors. Like the British itself, he is not only right on the job but he is taking no foolish chances.

It was an Admiralty house party. The Allied and neutral worlds were the guests in the persons of about forty correspondents from America, France, Italy, Norway, Sweden, Denmark, Holland and Spain, besides a number from England, Australia and Canada.

Perhaps there was a German spy in our midst, despite the care exercised by the revolving chair warriors in Whitman in selecting the party's personnel. If so, probably he learned something, but there are a lot he would like to learn that he didn't. He surely must have been impressed right at the start with the fact that the British naval officer can be charmingly courteous without being unduly communicative, and that the British blue-jacket has been quite as well drilled in controlling his tongue as in manning the guns.

Movie Stars to Dance.

New York, 19.—Five hundred stars of the Moving Picture Firmament will twinkle at the monster Movie Ball in Madison Square Garden here tonight. They'll all be in costume, too, and in the tiers upon tiers upon tiers of seats that mount multitudinously roofward will be packed the fans whose sides have ached and whose tears have welled as one of the other of their beloved favorites has played upon their emotions to the tune of a blundering orchestra or an old ham strung piano. Mary Pickford and Charlie Chaplin, Theda Bara and Raymond Hitchcock, Mick Sennett and Sidney Drew, Betty Nansen and Clara Kimball Young and just scads of others will be there. They'll come from the big Movie Cities on the Pacific Coast by special trains and they will flock to New York from every other part of the country they happen to be in; and the fans can just have the time of their lives gloating over them as they wander around "on the roof" instead of on the screen. Boys and girls and men and women old and young will have a chance to get a good "close up" and hear the voices and maybe say something to the actor or actress they have come to idolize at the rate of ten or twenty or two dollars and fifty cents per idol. The actors and actresses will dance and sing and make speeches and eat and dance and sing and make some

more speeches until it's just finally wound up as a dazzling, frazzling, grand Big night. Most of the film folk are here already and so are the visiting fans, but others will arrive on the late afternoon and early trains. A combination of all the moving picture concerns in the country is to be thanked for the idea of the Movie Ball.
