#### How She Won Sheridan.

Harriet Mellon, the old time English actress, did not lack astuteness, even at seventeen. Her admirable answer to Sheridan when he asked her to read the part of Lydia Languish in "The Rivals," with a view to proving her fitness for Drury Lane, could not have been bettered by a ripe diplomat:

"I dare not, sir, for my life. I would rather read it to all England. Suppose, sir, you did me the honor of reading it to me?"

Delightedly Sheridan acceded and, after reading nearly the whole of the play, enrolled her in the Drury Lane company.

#### The Latin Language.

Latin was one of the original languages of Europe, and from it sprang the Italian, French, Spanish and Portuguese languages. Many words of our own language are of Latin origin. It ceased to be spoken in Italy about 531 and was first taught in England by one Adelmus in the seventh century. The use of Latin in law depts in England gave way to the common tongue in the year 1000.

#### NEW DIRECTORY SOON

Home Independent Co. To Issue New Book

Did you ever stop to think that the Telephone directory is the business and social map of the city. If your name is not in it you are practically isolated from your friends and fellow citizens.

We are about to issue a New Directory and wish to request all our Subscribers to notify us at once of any change they may wish to make in their names or addresses. To non-subscribers we would like to point out a few of the many reasons why they should at once have a telephone installed. It puts you in immediate and close touch with all your friends, it places at your disposal the best service of all the leading business men in town; in sickness it may save a dear ones life, and it is a protection against loss from fire and burglars, and all this can be had for the trifling sum of 5c per day. If you have a phone you know what a comfort and help it has been to you in the last few days, if you haven't one you have our sincere sympathies. Come and see us regarding the installing of a phone and get your name in the New Directory.
