The Good Old Spring Medicine

New blood—pure blood, rich in color and full of red corpuscles, an increased circulation—the system thoroughly cleansed of impurities and invigorated.

That's what you need this spring—free yourself from the conditions arising from an indoor life—gather renewed energy and vigor for the coming summer months.

A Bottle of

Nyal's Spring Sarsaparilla

will make you feel like new

Cleanses the blood and makes it nourish the system—stimulates the liver, kidneys and bladder and assists them in their functions.

Nyal's Spring Sarsaparilla will do it—and we never heard of a case where it failed to do as we say.

All this for $1.00—100 full doses to the bottle.

MODART CORSETS
Front Laced

For Any Occasion A Modart

ELEGANTLY gowned for the evening, in smart street attire, in riding habit, in fact for any garb of the coming season, women who wear MODARTS take pride in knowing that their corsets fully meet the requirements of the latest fashion trend.

They are assured, because the MODART is designed by Jennings. And Jennings is generally conceded to be the foremost figure in the world of corset designing.

He designs MODARTS only. In them his knowledge of anatomy gives shape to models that insure both perfect poise and comfort, in every form of outdoor or indoor activity.

You will never know the satisfaction of perfect corseting until you have tried a MODART fitting.

Severe Cold Quickly Cured.

"On December first I had a very severe cold or attack of the grip as it may be, and was nearly down sick in bed," writes O. J. Metcalf, Weatherby, Mo. "I bought two bottles of Chamberlain's Cough Remedy and it was only a few days until I was completely restored to health. I firmly believe that Chamberlain's Cough Remedy is one of the very best medicines and will know what to do when I have another cold." Obtainable everywhere.

HER MOTHER'S SECRET.

At Sherry's Today—A Wm. Fox Production.

The photoplay entitled "Her Mother's Secret?" which was written by Martha Woodrow and produced by Frederick Thomson for William Fox, and in which Ralph Kellard, Adonis of the silent stage, is starred, is one of the most powerful and most human dramas that has ever emerged from the Fox studios. It is full of dramatic situations that grip and hold the soul of the spectator, and its climax, which, by the way, teaches a great moral lesson, is brought out with the compelling, thundering, irresistible force of the steam hammer. Clergymen and educators who have seen "Her Mother's Secret?" in script form declare that its potency for good is greater than that of "The Old Homestead."

Mr. Kellard appears first as Seth Cartwright, Sr., and later as Seth Cartwright, Jr. His transition from the self-centered, adamant-hearted father to the blase, dissipated, pleasure-loving son, is one of the greatest triumphs of his career.

At Sherry's today last day. —Adv

For a Bilious Attack.

When you have a severe headache, accompanied by a coated tongue, loathing of food, constipation, torpid liver, vomiting of partly digested food and then bile, you may know that you have a severe bilious attack. While you may be quite sick there is much consolation in knowing that relief may be had by taking three of Chamberlain's Tablets. They are prompt and effectual. Obtainable everywhere.

126 STARTS PER DAY

New Hampshire Man Proves Worth of Willard Battery

H. R. Sawyer, a retail milk dealer at Atkinson, N. H., has established what appears to be an enviable record for successive starts from the storage battery on his delivery car, say Johnson & Reisland who manage the Willard service station at 1575 Adams. They go on to say:

"The car is a Studebaker 1915 model and the battery a Willard. In delivering goods to customers, Mr. Sawyer has kept an accurate record of stops and starts. He starts his motor from the battery 126 times every day on the average. This number is in addition to the starts he makes with his motor running, which average 48 per day.

"Mr. Sawyer's car has an approximate mileage of 6700. The original Willard battery delivered with the car has never been recharged or adjusted in any way, which performance speaks more for Willard batteries than any amount of literature could do.

"The motor in this car has not received any mechanical attention aside from the ordinary adjustments, and during the entire period of service Mr. Sawyer's total repairs have been forty-five cents.

"At the time of his purchase, he made a careful investigation of battery and starter performance, because he knew that his delivery service would necessitate absolutely reliable starting equipment. Now he is quite emphatic in his praise for the Studebaker car and its electrical system."
