**Soldier Badly "Shot Up"**  
 London, Feb. 26.—(By mail)—"A modern miracle of physical endurance and surgery," is the way the doctors describe the case of Private G. A. Dawson, 10th Yorkshire Regiment, probably the most shot up live man of the war.

The Germans wasted enough shrapnel on Dawson's head to fill a dozen men. A few days after Dawson was hit by a shell in Northern France, surgeons probed from the wound in his forehead the following debris: a large piece of steel, many fragments of wood and part of his cap.

For twenty days Dawson remained unconscious, his face swollen and black. Surgeons and nurses shook their heads over him often but Dawson refused to die. Finally, having persisted in his hold on life until December 3, he was removed to a hospital in Boulogne where French doctors applied the X-ray.

What they saw prompted them to operate New Years day. They extracted nearly 3 ounces. This missile had entered Dawson's face just above the nose and penetrated downward to his cheek. It was taken out via the same route by which it entered and the operation was completely successful.

A few days later Dawson was taken to London. Here in the King George Military Hospital he suffered another operation. This time it was on his left eye. The force of the blow from the shrapnel had warped the eye into a useless position. The surgeon carefully extracted the eye and put it back with the focus at the proper angle.

"He's all fixed up now," the surgeons announced today. "He'll soon be going back to the trenches." It probably will be months before Dawson will be able to rejoin the army but it is his one desire to get revenge.

He hails from the little town of Bishop Auckland, Durham, where he joined the army during the first ten days of the war. It was five months in the trenches for Dawson before he was hit.

worms and are laxative enough to move the bowels and expel not only the worms but accumulated poisons. These poisons and worms bring on fever, make children nervous and irritable, reduce their vitality and make them victims of sickness. **Cottage Grove Mills Need Cars**  
 Cottage Grove, Or., Feb. 25.—The car shortage in this vicinity is getting worse instead of better. The Southern Pacific tie treating plant near here has closed down being unable to get ties. The Beaver Lumber company reports that it has order for over 50 carloads and the J. H. Chambers mill has orders for over 75 carloads and if they do not get cars soon the orders will be canceled. Logging is progressing nicely and these two big mills are getting about 20 cars of logs every day from the U. S. logging camp, 20 miles east of this city, in the government reserve.

**For Children's Cough.**  
 You cannot use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful and is slightly laxative, just enough to expel the poisons from the system—kills the cold germs—relaxes the phlegm—loosens the cough and soothes the irritation. Don't put off treatment. Coughs and colds often lead to serious lung troubles. It is also good for adults and the aged. Get a bottle today. All druggists.
