This is the time to take a step in the right direction—to thoroughly cleanse the system of impurities accumulated during the winter months.

Start the Spring with a new energy and vitality—strengthen up your blood supply, cleanse it and increase its nourishing power—stimulate the liver, kidneys and bladder—aid them in throwing off the waste material.

## NYAL'S

### SPRING SARASPARILLA

Sunday was an all-important day in the Presbyterian church. The day's special features began with a violin solo, "The Holy City" by Mrs. Carse at the morning service. The popular violinist was at her best and pleased the audience with her splendid rendition of the well known classic. In the evening a wonderfully successful pageant was staged in tableaux. The house was crowded full to witness the pantomimes. Next Sunday evening the church contemplates another delightful evening when the choir renders a sacred concert. Mr. Howland, Mr. Williams, Miss Smith and Mrs. Carse will be among the soloists for the evening.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
