New Woolen Fabrics and Silks for Spring

In purchasing the spring fabrics we kept one point in mind—that of quality. Every piece of goods in these new crisp showings measures up to your idea of what satisfactory quality should be.

We bought variety too—variety in color and variety in pattern because we have a large patronage to please—tastes differ, one woman likes this pattern, another that and it is our aim to satisfy all.

As to price, we know you'll be more than pleased with our offerings. Under the heading of "why we sell cheaper" tells you the price story and shows the advantages of buying your spring goods here.

Why we Sell Cheaper

Because we are members of the R. C. U.—an organization of over 400 alert merchants who buy their merchandise together direct from the foremost American manufacturers, thus eliminating the middle-man's profits.

—because by purchasing in vast quantities (\$35,000,000 annually) the R. C. U. is quoted quantity prices which are lower than that quoted to the individual merchant.

—because by paying cash, as all members of the R. C. U. must do, we save the expense of long credit which ultimately the customer must pay.

—In a word, you pay less for the best— as the result of co-operative buying and big buying power.

The Golden Rule Co.
