

# UNION WINNER OVER WALLOWA

### CHESTY TEAM FALLS BY THE WAYSIDE

#### High School Championship Muddled up to a Queen's Taste.

When Union high put the Indian sign on the chesty Wallowa team at Union Saturday night 19-18, Union muddled up the championship of Eastern Oregon basketball to a degree that clearly indicates the urgency of a rearranged schedule in which all teams play every other team on a regular basis. Every team in Eastern Oregon has been beaten, and there is no peer. Wallowa played three games and La Grande seven. Two of Wallowa's games were on her home floor and one away. Union played one game away and Pendleton played three games away. Hence, the arrangement of games is entirely unfair, and even had Wallowa had a clear record, it would be unfair to award honors to her with three games booked. When the high school association of Eastern Oregon wakes up to the fact it must arrange a basketball schedule in advance and make all teams play or forfeit, order will come out of chaos, and not before.

Imbler, Mar. 4.—(Special)—Friday evening the basketball fans of Imbler enjoyed the best game which has been witnessed on the local floor during the season. Union sent over a good M. I. A. quintet; the locals were in excellent form and the entire game was fast—but exceptionally clean; the latter fact being partially due to the close calling of Referee D. C. Wilson. The apple pickers took the lead during the first five minutes and kept it through the entire game, but the Union boys kept their score so close that the game was in doubt till the finish, the final score being 30 to 25. Rollins saved the game by making 9 foul goals out of 10 trials. Union's star was McCarm. The lineup was: Imbler—Rollins c, Stringham and Lamb f, Henrie and Wilson g. Union—Sirrinc c, McCann and Wakefield f, Goodbrod and Sirrine g. This game makes 3 won and 3 lost for the local M. I. A.

The I. A. C. club has secured several new members and will continue the gym practice during another month.

### INDOOR BASE BALL

Cub Team Off to Camp  
Chicago, March 6.—Charlie Weeghman's amalgamated Whale-Cub team is on its de luxe, including six parlor coaches, equipped with everything from a billiard table to a Vic-

trola, carries the party, which includes players, club officials, newspapermen and 33rd degree fans, to the training camp at Tampa, Fla.

The team is the strongest aggregation of ball players gotten together since the days of Frank Chance's World Champion Cubs, in the opinion of fans. Manager Joe Tinker, who led the Federal Whales to the leagues championship last year has a hand-picked bunch of players. Everyone has a rep. The squad is noticeably free of rookies.

His pitching staff includes Three Fingered Brown, Hendrix, Seaton, Prendergast, Mc Connell, Lavender, Zabel and Wright, all right handers. In the way of southpaws he has Vaughen, Pierce and Bailey. Brown is the man on whom Tinker relies to keep the hurlers in shape and occasionally to save a losing game.

The catching staff is one of the best in the country. Jimmy is considered to be without a peer. The addition of Clemons, Wilson and Fischer will help a great deal. The infield will be composed of Saier on first, Yarkes at second, Doolin on short and Zimmerman at third. Then Tinker has in himself a crackerjack of a utility man. The outfield will be composed of five stars: Schulte, Mann, Flack, Williams and Zwillinger.

In addition to those mentioned the following players will be taken on the trip: Allison, Baily, Fritz, Mulligan, McConnell, McCarthy, Pierce, and Pecheus. Exhibition games have been scheduled as follows: New Orleans at New Orleans April 1; Cleveland at New Orleans April 2; New Orleans at New Orleans April 3; Shreveport at Shreveport April 5-6-7; Memphis at Memphis April 8; Louisville April 9-10-11 at Louisville.

The second team strags its first game at Shreveport April 1; April 3; and 4 are open and on the 5th it plays Pine Bluff, Ark. at Pine Bluff. On the 6th and 7th Little Rock, Ark., at Little Rock; Both teams meet at Memphis on the 8th to come north.

Baker, March 2.—To ascertain the possibility of organizing an amateur baseball league in Eastern Oregon for the coming season, A. W. Geddes, pitcher for the Arthur team in the Copper league of Utah last year, was in the city today. Mr. Geddes has a number of relatives in Baker and La Grande, and will leave this evening for the latter named city on a similar mission to that which brought him to Baker.

"I don't want to 'butt in' on the baseball situation here," Mr. Geddes said, "but it seems to me that there should be some form of Sunday amusement provided. I intend to make my headquarters here during the next year, and if a league can be organized, I will be willing to give my services to Baker without any compensation."

Mr. Geddes bore the reputation last year of being one of the best right handed slabsters in the Copper league.

### Amateur Baseball Confab

Johnston, Pa. March 6.—A constitutional convention of the newly organized Amateurs National Baseball Federation of the United States will be held in Cincinnati March 10th and 11th at which time uniform rules will be adopted for all the cities affiliated with the Federation, which now include Cleveland, Chicago, Cincinnati, Columbus, Johnston and Louisville.

Garry Herrmann, President of the National Commission governing professional baseball, is manifesting keen interest in the amateur organization and will be chairman of the entertainment committee for the forth coming gathering of amateur sportsmen in Cincinnati.

The Federation has begun a survey of the amateur baseball situation throughout the country with a view to welding the various amateur organizations into a compact body. The survey is being directed from the office of Tom Nokes, National Secretary, here and the co-operation of sporting editors in every city of consequence has been here and the co-operation of sporting editors in every city of consequence has been invited.

The cost of the survey is to be borne by voluntary contributions. It is expected that wealthy sportsmen who favor the game will contribute liberally to the expenses of the organization and a big fund probably will be realized.

Sweet Day  
Carey, O. March 6.—Two hundred pounds of honey stored by bees between the ceiling of the first story and floor of the second was taken from the home of Mrs. Catherine Houk here. The bees found a small opening in the brick wall and made the space their winter home for many years. The honey they had stored up filled a space the depth of the rafters and sixteen inches wide by six feet long. It was of the finest quality. Neighbors feasted.

## A PIPE of VELVET!

A jovial, kindly companion, whose mellow friendliness has brightened many a trying hour for us.

A steady, commonsense friend, this slow-burning pipe of VELVET—how often some knotty problem has been solved with its aid.

How many times, has VELVET'S cheer inspired us to "try again!"

Honest, trusty pipe of VELVET, Nature made you a hearty, kindly friend. And two years have you spent in bringing your fragrance, mellowness and flavor to its full perfection.

Old friend, pipe of VELVET, here's wishing ourselves many of you!
