MODART CORSETS Front Laced

For Any Occasion A Modart

ELEGANTLY gowned for the evening, in smart street attire, in riding habit, in fact for any garb of the coming season, women who wear MODARTS take pride in knowing that their corsets fully meet the requirements of the latest fashion trend. They are assured, because the MODART is designed by Jennings. And Jennings is generally conceded to be the foremost figure in the world of corset designing. He designs MODARTS only. In them his knowledge of anatomy gives shape to models that insure both perfect poise and comfort, in every form of outdoor or indoor activity. You will never know the satisfaction of perfect corseting until you have tried a MODART fitting.

AT THE ARCADE:

PAULINE FREDERICK AGAIN SUPREME.

Gives Wonderful Interpretation of "Lydia Gilmore" in Famous Players Production.

Pauline Frederick, the distinguished emotional actress who has won such country-wide fame by her admirable presentation of "Zaza" and "Bella Donna," makes her latest motion picture appearance in the Famous Players Film Company's adaptation of "Lydia Gilmore," the famous emotional drama by Henry Arthur Jones. In this Paramount Picture, which is to be the attraction at the Arcade today and tomorrow, Miss Frederick departs from the adventures roles which characterized her last two performances, and plays the faithful wife and loving mother who goes through unspeakable mental agony to shield her husband after he has proven unfaithful to her.

It is in the portrayal of such emotional characters as Mrs. Gilmore that Pauline Frederick has established her absolute supremacy as an exponent of intense drama. "Lydia Gilmore" will more firmly entrench her in her position.

Off Duty

A distinguished German scientist during his stay in the United States has been doing important laboratory work for the Department of Agriculture. One evening a friend dropped into the laboratory to find the Teuton bending over the spirit lamp on which a small pot bubbled.

"What is it tonight?" Asked the caller.

"Guess said the professor," invitingly.

"Microcoeci?"

"No."

"Sonococci?"

"No."

"Spirocheta?"

"No."

The visitor ran the scale of microorganisms as well as he knew it, and then said: "I give it up. What is in the pot?"

"Sausages," replied the professor blandly.—Everybody's Magazine.

He Suspected Papa

"I know her father does not like me. He wants me to go to work in his factory."

"Why don't you prove your worth by going? Then there will be wedding bells and a happy ending."

"I don't know about that. It's a dynamite factory."—Louisville Courier-Journal.
