GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Notice of Impounded Stock.

Notice is hereby given to all concerned that the undersigned, chief of police of the City of La Grande, Oregon, has this day taken up and impounded in the city pound of the City of La Grande, Oregon, the following described stock, to-wit:

A LEADING FOOD EXPERT

stood before the big battery of milling machines in the Grape-Nuts factories at Battle Creek, Mich., and after inspecting both the wheat and flour said to the miller:

"That's selected wheat, and no 'patent flour' stunt, either. That wheat comes out of the rolls as honest and unrefined as it went in. Where did you ever make flour before that retained the true mineral content of the grain?"

And the wise miller replied: "I have worked in a good many mills, and I am no youngster, but let me tell you, I never made whole wheat flour like that until I came with this company."

The truth is, white flour is woefully lacking in certain essential mineral elements which are thrown out in the milling to make flour white and pretty, and its use frequently results in impaired health and activity.

The famous pure food,

Grape-Nuts

is made of honest whole wheat and malted barley; and supplies in splendid proportion all the brain-and-nerve-making, bone-and-muscle-building elements of the field grains, including their mineral elements.

Rich, nut-like flavour, ease of serving, and quick digestibility have made Grape-Nuts a household word the country over.
