**HAVE YOU MADE THIS TEST OF YOUR CORSET?**

DO YOU feel occasional languor, intervals of listlessness, intermittent indigestion an intense relief at the moment of uncorseting? If you feel these symptoms you are developing a premature matronly figure, sacrificing health for fashion. Women who wear MODARTS never feel these warnings. For the Designer of MODART Corsets is generally conceded to be the foremost corset designer in the world. Every smart effect he creates must also meet his approval as an anatomist. So, if you seek to improve your figure—if you seek to gain new grace of carriage—if you seek to promote your health and comfort and at the same time conform with prevailing styles—then we urge you to have a trial fitting.

Americans who mind their own business should have the right to go where they please, as well as the discretion to avoid unnecessary risks.—Chicago News.

The Tuneless Solo  
Signor Marconi, the inventor of the wireless telegraphy, who returned re-

cently to Italy from America at the request of the Italian government, is likely to prove of great use to his country in the present crisis.

An amusing story is told about a reply that the celebrated inventor once made to a lady who mistook him for his equally famous compatriot, Mascagni, the composer.

"Oh," she said gushingly, "I'd love to hear you play your beautiful 'Intermezzo!'"

"Madam," replied Marconi, gravely, "I will do it with pleasure if you have got wireless piano!"—Philadelphia Public Ledger.
