La Grande Team Goes to Imbler and Takes the Game.

Baseball cropped to the surface yesterday when a hurriedly-recruited nine motored to Imbler to play the Imbler team. ALLEY RECORD BROKEN.

Don Scott's Mark No Longer Supreme on the Club Alleys.

After holding the alley record for, to, these many years, Don Scott is no longer supreme among La Grande bowlers on the club alleys. Engineer Chas. Jokers hugged the perfect

mark Saturday night when he went 298 pins out of 300 possible. Mr. Jokers has developed into good form by constant and persistent practice. He has been bowling a couple of years, and the mark Saturday is a deserving tribute to his efforts. When anybody beats that record they will have to travel at some clip.

DATES CONFLICT.

Dual Meet and M. I. A. Field Day Come on Same Day.

Stop the Grippe when It's Still a Cold

Grippe, Pneumonia, Bronchitis, all start from common colds. Head them off by using Foley's Honey and Tar Compound.

"A dose in time will save nine." A few doses of Foley's Honey and Tar Compound taken when you feel a cold coming on will save you a world of annoyance and possible distress.

Dry hacking coughs never be neglected. They irritate the throat and chest terribly. The use of Foley's Honey and Tar Compound will have a loosening soothing effect, relieving irritation and permitting sleep.

Here's a typical instance of the relief and help that comes through the use of Foley's Honey and Tar Compound:

"My little girl had a severe cold a short time ago," says Mrs. J. D. Dixon, of Youngstown, O., "and coughed almost continuously. I tried lots of other remedies and had the doctor treat her, but she did not get any better. My sister recommended Foley's Honey and Tar Compound to me and I decided to get some for my child. The first dose I gave her relieved the inflammation in her throat and after using only one fifty cent bottle the cough left her and her throat and lungs were entirely free from inflammation. Since that time I always keep a bottle of Foley's Honey and Tar Compound in the house in case of emergency, as I know it is a sure cure for coughs and colds. It was the means of saving my little girl and I recommended it highly."

Rising Costs confront everybody!

This is an era of ascending costs, a period of price advancement without parallel. No statistical chart is needed to prove this—the effect of higher prices is felt by everyone, and is of real concern to all. It is a time for thoroughly weighing values, a time for taking advantage of every opportunity that offers a genuine saving.

Certain-teed Roofing lowers the cost of building

CERTAIN-TEED offers a substantial saving in roof construction, at this or any other time. It costs less to buy, less to lay, less to maintain and less per year of life. Because of tremendous production (the General makes one third of all the roll roofing made in America), and because of economies effected by enormous resources, modern machinery and favorably located mills, the General is able to make the best roofing at the lowest cost.

CERTAIN-TEED Roofing is the General's own product—from the raw materials to the finished rolls, it is made in the General's huge mills. It is made of the best quality roofing felt, thoroughly saturated with the General's own blend of soft asphalt and coated with an impervious covering of harder asphalt. This keeps the inner saturation soft, and prevents the drying out process so destructive to ordinary roofing. That's why CERTAIN-TEED outlasts other roofing. It is guaranteed for 5, 10 or 15 years, according to ply. Experience proves that it lasts longer.

CERTAIN-TEED is sold by responsible dealers everywhere at reasonable prices. Investigate it before you decide on any type of roof.

Save rags—they're worth big money now!

Prices paid for rags eight times as high as a year ago.

Rags! Rags!—got any rags? You're lucky if you have a lot of old rags around the place, because they'll bring you big money now—eight times as much as you used to get for them. Last year rags sold around 4c a pound—now they are bringing 4c a pound, and manufacturers are glad to get them at that price. Rags form the basis of many well known products, such as writing paper, roofing etc. The roofing mills

alone used a quarter of a million tons of rags last year. At present prices, this quantity of rags cost \$12,500,000 more than a year ago—an increase in price of \$40,000 a day for roofing. Boys and girls!—This is your chance to make some money. Get busy and hunt up all the rags you can find. Sell them! They'll bring you good money. If you are not offered their real value, write our nearest office.
