AT THE MOVIES

AT ARCADE.

Douglas Fairbanks as "The Lamb" The Lamb, the celebrated character in which Douglas Fairbanks has toured the country with great success, will be presented in an entirely new play at the Arcade tonight and tomorrow. The event marks Mr. Fairbanks' debut as a screen star here, which promises to duplicate the big hit he scored in "The Lamb" in New York.

The type is the familiar New York one of a dandified youth who has yet to find himself. He is exiled to the western wilds by the coldness of his sweetheart, who does not think he is enough of a man. The young New Yorker has a misadventure in getting off the train in Arizona. He is transported across the Mexican border and gets mixed up in an unpleasantness between the federals and the Yaquis. There he discovers his sweetheart also a prisoner of the savage Yaquis. They handle a machine gun with ready effect against the redskins.

Some of the finest battle scenes presented on the film stage are to be seen in "The Lamb." In fact, it has

been described as a miniature "Birth of a Nation."

Raymond Hitchcock in "My Valet." Raymond Hitchcock, who has been a laugh in musical comedy, since the days of "The Yankee Consul," has yielded to the lure of motion pictures and will be seen at the Arcade Wednesday and Thursday in his first Keystone farce, "My Valet." The comedian has taken with him into the films all that natural humor which has made him so successful in flesh and blood productions. His facial expression, funny walk and gestures and farcical forelock are all there. With them are Mack Sennett, creator of Keystone comedy, and some of his foremost funmakers and practical jokers, including Mabel Normand and Fred Mace.

The action of the farce begins on the train which is carrying Hitchcock and his valet, Sennett, to the Pacific coast. Many ludicrous situations are provided in their compartment on the train. Arriving in California, thrills are added to the action. As they are riding in a motor to their hotel, Mabel Normand on a runaway horse dashes

by. Hitchcock makes a daring leap from the car to the back of the runaway and saves the young woman's life. The finish must be seen to be appreciated.

The farce ends with Hitchcock's thrilling parachute ride through the air, his drop into the sea and rescue of the lady of his heart. Sennett and Mace receive the due of all good villains.

Spring

Spring is looked upon by many as the most delightful season of the year, but this cannot be said of the rheumatic. The cold and damp weather brings on rheumatic pains which are anything but pleasant. They can be relieved, however, by applying Chamberlain's Liniment. Obtainable everywhere.

Says Mothers Favor Preparedness.

Chicago, April 11.—"American women believe in military preparedness against war and they will have much to do with shaping the military policy of the United States," today said Mrs. Frederick A. Dow, Chicago club woman, past general president and present general secretary of the Illinois Federation of Women's clubs, who is expected to bring the matter up at the General Federation Convention in New York, May 22.

"American women do not want war but they clearly see that the duty of this nation is to be prepared for any aggressor," Mrs. Dow said. "It took our army too long to get into action after the Columbus raid. I was talking with a proud mother of four sons the other day and she said: 'I don't want my four sons to go into battle, but when their country calls I expect them to go.' One the danger asserts itself the women of America will line up as a unit, as they have done in European countries, to repel the aggressor."

Watch Child's Cough

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing. It's a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safe-guard your child against serious ailments resulting from colds.—adv. Eight Million Women Workers in U. S.

Washington, April 10.—Government statistics available today show that there are more than 8 million women workers in the United States. There are 263,315 stenographers and typewriters, 14,061 women linotype operators, 2,530,846 domestics, 1,820,980 factory and mill girls, 76,508 trained nurses, 111,117 midwives, 88,262 hello girls. Eighty per cent of our teachers are women, also two thirds of our cotton mill workers, one-third of our hat suit and overall makers, one-fifth of our tailors, one-third of our shoemakers. Women have been found working before the flaming doors of blast furnaces in Pennsylvania.

Insomnia
Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper and see if you do not feel much better. Obtainable everywhere.

But He Died Young

"I once knew a man," stated old Festus Pester, "who when he had the desired number on the telephone did not demand fiercely, 'Whizz ziss?' Instead he invariably said civilly, 'This is John J. Poutendick, wishing to speak to Mr. Buckover.' His funeral was the largest ever held in the neighborhood where he resided, and throat strong men broke down and wept like children, being convinced that they would never see his like again."—Judge.

Washington produces annually more than 4 1-2 billion feet of lumber, nearly half a million pieces of lath, and over 8 1-2 billion shingles. Of this quantity, she consumes only 2 1-2 per cent of the shingles and 12 1-2 per cent of the lath. Of the lumber produced, she consumes 17 1-2 per cent, or over 700 million feet, about two-thirds of which is used for building purposes. About one-fourth of the building material, of the lath, and of the shingles, is used in King County.
