Col. C. M. Bellfield was in town last week and presented the News editor with a sack of a new variety of potatoes.

He says they are a cross of the Early Ohio and Early Rose and names them 'The Improved Early Rose.' They are larger, smoother and seem to be of better quality than the first varieties named. They were grown on the Col.'s ranch on Tucker Flat and promise to be one of the best varieties and especially adapted to this locality.

Prevailing Drug Prices----

"War Prices," without cause, have never prevailed at our store. Prices have advanced on many pharmaceutical chemicals and crude drugs which are produced only in Europe. Such conditions have caused a slight increase in the price of some prescriptions.

Any advance of this kind at our store is reasonable and only to the amount of the increased price which we must pay to our wholesaler.

If further increases become necessary from time to time we shall be glad to give customers a reason for such.

We always strive to conduct our store in a manner that will merit the confidence of our customers.
