live in the smaller cities and towns of England's provinces than it costs to live in the cities and towns of the United States. Cleveland, Kansas City, Pittsburgh, Milwaukee, Dallas, San Francisco, Portland are cheaper places to live than Sheffield, Liverpool, Manchester, Hull and English cities like that. Nevertheless, Britishers returning today from the United States insist their country still is the cheaper for he masses. Their mistake lies in the fact that the English do without many things Americans consider absolute necessities. Most such things are so high in England today that only plutocrats can have them. Practically the only exception in England's favor is clothing; and even clothing is higher. A good sack suit, English fit, which used to cost \$20, now sells for \$22.50. The price is still rising. So are other prices. It is not a gradual rise. Hardly a day passes that an advance of 5 or 10 per cent is not announced in some staple. Beef is 40 cents, mutton 28, pork 28; hardly any lamb is to be had; the killing of calves is prohibited; bread 9 cents a 2-pound loaf; good butter 42 cents; tea 62 cents; soft coal \$7.80 a ton; anthracite coal \$11.28. Rentals are about the same as in the United States but include nothing. Cooking and lighting gas in a 5-room flat cannot be kept below \$10 or \$12 monthly. Telephone calls are 6 cents each. A 5-mile street car ride costs 7 cents. Cigars which would be dear in the United States at a nickel a piece, retail in England at 14 cents. The distilleries being used by the government for munition making, it is predicted that whiskey will sell at 78 to 96 cents a bottle which soon retail at \$2.40. The income tax has risen until it is a fearful burden. It begins with incomes of 130 pounds (\$624) yearly. The assessment increases more than proportionately as the income grows larger. A man earning \$2,500 annually, pays 36 cents on every \$4.80. If his income is from invested capital the rate is much higher. The net result is that an English family, moving to America and continuing to live according to the English standard, would have more money than at home, while an American family moving to England and continuing to live according to the American standard, would have materially less.

**WHY SUFFER WITH BACKACHE, KIDNEYS OR RHEUMATISM NOW?**

**Letter Tells of Long-looked-for Prescription.**  
Dear Readers—If I can do any good in the world for others, I wish to do it, and I feel that it is my duty to write about the wonderful results I received from the use of "Anurie." I was suffering from kidney and bladder troubles, scalding urine, backache and rheumatism, and feet and ankles swelled so that at times I could not walk without assistance. Had taken several different kinds of kidney remedies but all failed. I sent for a box of Dr. Pierce's newest discovery, "Anurie," which I received by mail in tablet form. I soon got better and am convinced that this popular new medicine is good. I wish to recommend it to my neighbors and everybody suffering from such troubles.  
MRS. M. J. SARGENT.

**NOTE:** You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists at Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, drowsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Anurie" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Doctor Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

Simply ask for Doctor Pierce's Anurie Tablets. There can be no imitation. Every package of "Anurie" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Favorite Prescription, the ever-famous tried to alling women, and Dr. Pierce's Golden Medical Discovery, proven by years to be the greatest general tonic and re-constructor for any one, besides being the best blood-maker known.

**Introducing Mr. C. Frizzell, Expert Electrical Worker--**

Realizing for some time that La Grande and Vicinity should have a first-class electrical worker I have been endeavoring for several months to locate such a man. All garages in Country Towns have men who work on electrical equipment, but to get a graduate from the inside shops of the Splittdorf Electric Company is no small undertaking as I have just learned. But I succeeded in getting Mr. Frizzell, and have letters from the Splittdorf Electric Company and other successful concerns attesting to his ability as an electrical worker so that I can now say to my trade that I can guarantee proper workmanship on the electrical end of the automobiles.

Very few Garages in the country can make such a claim, but I stand behind and guarantee all of Mr. Frizzell's work. He is expert on Magnets, Generators, Starters, Storage Batteries. Come to us with your electrical work.
