### AT SHERRY'S.

#### "Soul Market" Sunday.

"The Soul Market," a sensational five part Metro feature picture, with Mme. Petrova, the gifted Polish actress, in the stellar role, will be seen on the screen here at the Sherry theatre tomorrow only. Mme. Petrova is surrounded by an excellent supporting cast. "The Soul Market" is an absorbing story of life behind the scenes in a Broadway theatre, and the attending gay life along the Great White Way. It is a true picture of conditions in New York, and the story carries a moral of no uncertain quality and strength. It promises to be one of the most interesting features of the season.

#### Splendid Sunday Numbers.

In addition to "The Soul Market" two high class comedies will be shown. Metro promises a treat in "Number One" a Sydney Drew comedy out of the ordinary, a cartoon comedy entitled "Colonel Heez a Liar," completes a great program.

#### "The Black Orchid"

"The Black Orchid" is a Selig multiple reel drama released through General Film Service on Monday, February 14th, and exploits an all-star cast, including Kathlyn Williams, Wheeler Oakman, Edith Johnson, Harry Lonsdale and Lillian Hayward at Sherry's today.

"The Black Orchid" exploits British army life in India. There is a strong and unusual plot dealing with a charmer of men who applies her talents in a British army post. How finally her toying with love proves her undoing, is convincingly portrayed in this drama. There is a wild animal punch in this story, which will be found most unusual and most exciting.

### AT ARCADE.

#### Owes Life to Squaw.

The thrills of "The Iron Strain," Thomas H. Ince's Alaska love romance in the second Triangle program at the Arcade on Sunday, are not simulated ones. This play was staged in nature's own environment of rolling mountains, magnificent forests, crystal streams and cerulean skies. While they were in the wilderness Miss Markey wandered alone from the lodge to the summit nearby to obtain by moonlight a view of the wonderful scenery. As she descended the moon hid behind a cloud, and she began to wander about in circles. Her protracted absence was first noticed by Mamma Eagle Feather, a real Indian squaw who helps in the kidnapping of End in the stage story.

Mamma Eagle Feather slipped quietly away in the darkness without giving alarm to the rest of the party. The aged squaw traced the little leading woman's imprints to the point where Miss Markey had lost her way.

Only the trained eye of one accustomed to the wilds could have done this, and it was not long before squaw and leading woman were in a tearful embrace.

#### Charles H. Murray as a Game Old Knight.

Real burlesque of the old fashioned sort is promised in "A Game Old Knight," which introduces Chas. H. Murray, formerly of the widely known comedy team of Murray and Mack, in the Triangle-Keystone comedy at the Arcade Sunday. Murray is a wandering knight, who in his travels with his valet (Slim Summer-ville) reaches the palace of King Mike XIII. The fun begins when the king tries to wed his honey daughter

est in The Famous Players Co. She is the wife of Owen Moore and has two children.

#### Potatoes For Movie Admission

Five big, fat potatoes were the admission price which each child paid to witness a special matinee at the movie theater at Grants Pass, Ore. The potatoes later were turned over to the Salvation Army for distribution. W. A. Van Scoy, cameraman of Portland, filmed the event for the Pathe News. Pictures also were filmed of operations in the hydraulic mines in Southern Oregon.

#### "The Ne'er-Do-Well" Sets Records

Sol Lesser, who is handling "The Ne'er-Do-Well" through his own film exchanges on the Pacific coast, advises that the reports he is receiving from his branch managers surpass anything he anticipated. "I felt con-

### NOTES FROM FILMDOM

A witty La Grande film fan was heard to remark that the Sherry and Arcade, were running a menagerie, when asked to explain his answer was, "Well, the Sherry has the Serpent and the Arcade the Spider." Can you beat it?

Mary Pickford Has Two Children  
Mary Pickford owns one-half inter-

fidant of big results," said Lesser, "knowing that 'The Ne'er-Do-Well' was one of the biggest productions in recent years, and I thought 'The Spoilers' which I handled in this territory would hold the record for some time to come, but the volume and length of the bookings and the return engagement of the 'Ne'er-Do-Well' have eclipsed the record. This picture will be shown in La Grande very shortly.

#### Priest Carries Role

Rev. P. F. Shannon, a well-known Catholic priest of Santa Monica, is playing an important part in the staging of some scenes for the current Triangle-Kay Bee feature in which Bessie Barriscale is appearing as star under the direction of Charles Giblyn. Father Shannon is superintending the making of the scenes depicting the altar of a Catholic church. This altar is an elaborate piece of structural work. The building of it required two weeks and is said to be among the most imposing of the settings used by Ince. The priest is a warm friend of the Inceville players and willingly lends a helping hand when authentic information dealing with Catholicism is needed. Miss Barriscale, in this story from the joint pens of J. G. Hawks and Elaine Sterne, plays the part of an Italian peasant girl who ultimately enters the nunnery.

#### Listen to These

Startling news of the week: Bertha Walsh collects horseshoe nails. Valerius and Suratt carries a rabbit's foot. Vivian Martin refuses to part with her old shoes. Theda Bara takes a walk in a cemetery before playing a new part. Bert Bracken, director, always wears a straw hat while working. And yet they say the industry is still only in its infancy.

#### Movies Animals "Obnoxious"

David Thompson, directing a pack of wolves in an Ethel Barrymore picture for Metro, staged for the citizens of New Rochelle last week a tragedy in one act. Thus: She—"How the elements howl!" Director—"Elements? Elephants, more likely, for them's wolves, girl; them's wolves." The citizens would have enjoyed the tragedy more were it not for the fact they go to bed early, and could not sleep for the howling.

#### Tutor Trains Actress

Mary Miles Minter, the Metro star, who has been on the stage and screen since she was five years old, and never went to school regularly, now has an English tuteur who teaches her both at home and in the studio.

#### Chaplin in Real Life

Charlie Chaplin is a quiet, modest sort, ruddy cheeked as a school boy, well spoken, with an English accent, enjoying talk, laughing easily, pre-

serving himself, unconscious of the throngs of stargers who grouped themselves about the Chaplin party wherever it moved.

Valli Valli Before Kings  
Valli Valli, the Metro star, appeared before His Majesty, the late King Edward, by royal command, on several occasions when she was a young girl.

## Everyone Should Drink Hot Water in the Morning

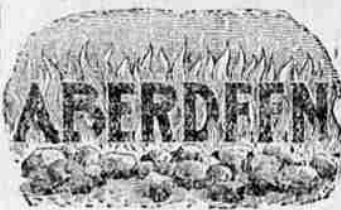

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head, no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphate hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel: like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

## Reliability

OUR absolute faith in the Maxwell car is due to two reasons: First, we have known that the Maxwell Company uses nothing in the entire car but the very best that money can buy. We have known that the steel is scientifically heat treated, that the car is built under the supervision of able engineers, that every car is rigidly tested many times before it leaves the factory.

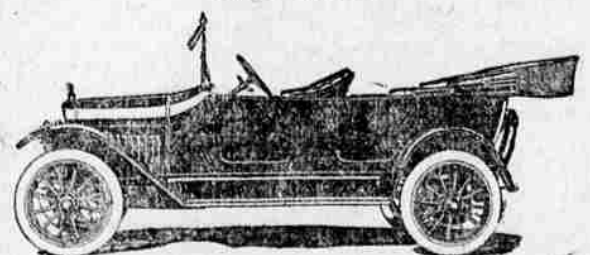

Second, we have known that the big and well established company behind the car is building for the future, that they value a satisfied owner above everything else.

Now that the Maxwell has set the World's Motor Non-Stop Mileage Record, by travelling continuously for 44 days and nights—averaging 500 miles per day—you will understand the benefits you personally may derive from the Maxwell policy. Did you ever hear of any car going 22,000 miles without once stopping the engine, without any repairs or readjustments, with only one gallon of gasoline to every 22 miles?

There is no reason why you shouldn't have a reliable, serviceable and economical Maxwell car. The first cost is low, the operating cost is low and our pay-as-you-ride plan makes the purchase easy for everyone.

Let us see you about this now, before our allotment is exhausted.
