## — AT THE MOVIES —

### AT ARCADE.

**John Barrymore "Killing"**  
You are caught in a blind alley, with your back to a massive door. Upon you rushes a squad of soldiers shouting in a foreign tongue of which you do not understand a word. But one thing you do know—that if they can reach you they will kill you like a rat. What will you do? Jack Barrymore decided to fight, and he put up one of the greatest battles ever seen on the motion picture screen.

It all happens in "Nearly a King," in which the Famous Players Film company is starring the celebrated comedian on the Paramount program. It is the attraction at the Arcade for Monday and Tuesday.

But the fight, which is one of the most realistic and thrilling that has ever been seen on the screen, is only an incident in this whirlwind of fun and romance in which Jack Barrymore is at his very best. The trouble all originates from his resemblance to the gay young Prince of Bulwana, who has decided to marry an actress rather than espouse the Princess Helene of Okam, whom he has never seen.

It is a super-Barrymore role, which the great comedian plays in "Nearly a King," for it combines thrills and romance with the ridiculous situations in the depicting of which John Barrymore has no equal. It is Barrymore plus—if the term may be applied to so versatile an actor.

### AT SHERRY'S

When Pugilism Is Picturized. Most people, despite the atmosphere

of war, are willing to be "too proud to fight," especially when it comes to a man-to-man struggle with the fists. Just now, of course, there is a super-abundance of oratorical fights, letters to the editor from our old friends, "Vox Populi" and "Pro Bono Publico" (omniscient wielders of the quarrelsome quill!), and the usual "within the law" gymnastics of the boxing experts. But getting down to real fist-fighting is usually left, by most of us, to the libations "huskeys"—and actors in moving pictures.

We get nearest to fighting in the pages of the papers; we sometimes listen to the man who has paid good coin for long trips to the ring-side, and once in a while we see upon the film a milk-sop battle with open palms. Likewise once in an elephant's age there is a real, downright contest between actors that is filmed with such realism that it should merit one of those "stories from the ringside" for which literary "pugilists" sell their names for the purpose of sponsorship.

Such an exception to "rehearsed boxing" is to be shown in "Secret Love," the forthcoming photoplay event at the Sherry theatre today. The star of the film is Miss Helen Ware, but, bless your heart, it is not of the beautiful Helen that the "scrappy" press agent goes into detail—for the only blow directed at Miss Ware during the unfolding of "Secret Love" falls her in the corner of her father's cabin—and its her own "film father" who puts her there. It's no stand up "scrap"; it's rough and tumble from the take-off. Started where there was plenty of "bitter

ale" to fire old Lowry's interior for combat, the whole floor-space of an English "public house" is worked over time and again in the cyclonic rushes of the combatants. In and out among chairs and tables; up and down a short flight of stairs, now slugging, now wrestling, these two giant actors impersonate the rugged ferocity of venturous and besotted beast, battling with clear headed science and just that shade of advantage that the sober man possesses.

"Secret Love" is a great film because it is many-sided in its character phrasing. The fight is only one element; there is the charm of sympathy, the pathos of two love stories and the pathos of natural frailties which takes one poor girl to suicide that she may right her conscience, insofar as her earthly act may do. Then there is "The Lass," played so splendidly by Miss Helen Ware, and the pretty love story that carries the mine-working daughter of the mine-worker to the fruition of her love for a man who is a man—for all that he is much above her in education and refinement.

### Why Constipation Injures

The bowels are the natural sewerage system of the body. When they become obstructed by constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.
