

NOW IS AN IDEAL TIME TO LOOK AT THE

PALMER LOGGED OVER LANDS \$15.00 Per Acre

One-Tenth Down; One-Tenth Per Year; Interest 6 Per Cent

Photo of Palmer Land in Raw State, Showing Fine Grass, Rolling Character of the Country, Stumps, Small Trees and Occasional Clean Patches.

YOU CAN FIND THE PLACE YOU WANT

Farms and ranches of any nature desired from 40 acres to a section or more, aggregating several thousand acres, of as good land as any sold are still on the market. Good stock ranches, wheat farms, dairy ranches and diversified farms, what ever you want can still be found. The value of Palmer Lands is now being generally recognized and judging by inquiries we believe that this opportunity will not last very long. Local people are beginning to see the values in Palmer Lands and many successful farmers are buying.

Palmer lands are an excellent investment in addition to their farming value. This state must take care of an ever growing population. Within ten years or less these lands will undoubtedly sell at from \$75 to \$100 per acre if cleared and for \$50 or more in raw state. Palmer Lands are an opportunity for a man with small resources and an ideal investment for a man with means.

Palmer Lands are near a railroad. Wood and water is in abundance. The altitude is low and the climate ideal. Last year proved their merits and dispelled all doubts. Why turn down such advantages. For an ideal home Palmer Lands cannot be beaten.

INVESTIGATE AT ONCE

If interested, call and let us show you photographs and maps and explain further in detail. Let us know what time will suit you best to make a personal investigation, and George Huntington Currey will go with you or meet you at Palmer Junction. The time between trains at Palmer Junction is six hours, which gives ample time to look over these lands. If a longer stay is desired, accommodations for board and lodging can be arranged. The roads are in good condition to drive over. We will be glad to answer any questions you may ask by letter or in person. If you are at all interested in buying land it will pay you to investigate this proposition at once.

NOTES BY COUNTY AGENT

BY PAUL H. SPILLMAN.

To those that are familiar with Jersey blood lines, such names as Journalist, Stokes Pogis of Prospect, Eminent 24th and Noble Peer are familiar. For it has been the blood of these and other sires that has done so much to build up the reputation of the Jersey breed in the West, while some of them are known wherever cattle of this breed are raised in this country. Bulls sired by these well known individuals have been used by Leon Levy in his herd at Union. The dam of one of his herd bulls was Gerie Alexander, grand champion cow at the Lewis and Clark fair. His sire Stoke Pogis of Prospect was grand champion at the Buffalo Exposition. Another, Eminent Eminent, was sired by Eminent 24th, he by Eminent who sold for \$10,000.00. His present herd bull, Noble Peer 3rd, was sired by the imported Noble Peer that sold for \$3000.00 and has never been defeated in the show ring either in this country or on the island of Jersey. He is owned by the well known breeder, John Stump of Monmouth, Oregon. The dam of this bull has a record of 473 lbs. of butter in one year. She was second prize cow at the Portland show and the State Fair several years ago. She also won third prize at the National Dairy Show at Chicago in 1913 for produce of cow, she was also dam of the 4th prize yearling heifer at the same show. His cows carry the blood of these and other well known sires, representing lines introduced by such breeders as Harry West, Scappoose, Ladd Estate, Portland, John Stump, Monmouth, Sweet of New York and others.

Berkshire Hogs.
Mr. Levy has been so careful about the breeding of his hogs as he has been with his dairy cattle. He has purchased both boars and sows from Mr. Corsa of Indiana, the best known breeder of Berkshires in the United States. Animals sired by Longfellow, Rivals Last, Matchless King, Fair-aces Chief, Pacific Longfellow and others as well known, have been used, and this herd is rich in these blood lines.

Corn.
I find that a good many of the people in this county, that have been growing corn, plant from the 10th to the middle of May. But season and location must also be taken into consideration. It is the frost that we must look out for, and when danger of killing frost is past in your locality it is corn planting time. From 8 to 10 pounds of seed will plant an acre. So if you are planning on planting any of this crop, you had better figure the amount of seed you will need and order in the near future. You will get the best result with some of the hardier northern dent of flint varieties. Minn. 13 and Minn. 23 are two varieties that are well adapted to the northwest. No. 13 makes more fodder under ordinary conditions and is yellow dent variety. No. 23 is somewhat earlier maturing and a white dent variety. Northwestern dent is a red corn with a yellow cap. It makes much the same fodder and matures about the same time the Minn. 13 does. Some of the yellow

and white flint corns are also good, but ordinarily they do not grow the fodder that the dent corns do. But they are early maturing.

How successfully we can grow corn in this county will depend upon season and locality. Some sections will be able to grow good corn every year, others only in favorable seasons and some will find that their conditions are too frosty to warrant bothering with this crop at all. Along the foothills, or parts of the Sand Ridge, in certain places along the river and creek bottoms corn has made a good showing. But to get the best results even under the most favorable conditions we must select the hardier, earlier varieties. That a few more years will see the building of numerous silos to take care of the Union county corn crop is evident in the interest that is manifested and the well satisfied owners of silos.

There has been considerable inquiry the past week for seed corn. The Agronomy Department, Oregon Agricultural College, Corvallis, Oregon. Prices are 10 cents a pound or \$3.75 a bushel. You can order direct or I can order for you.

Those Seed Potatoes.
So far this week we have had good weather to treat our seed potatoes. Get your formaldehyde or corrosive sublimate, whichever you decide to use, and during this blustery weather, treat those potatoes you intend planting in the near future. Clean potatoes will be in demand when scabby and diseased ones can not be disposed of.

California Girl Marries New Yorker.

New York, April 24.—Miss Oroville Wooster, daughter of Mr. and Mrs. Philip Wooster, of California, and a niece of Mrs. C. A. Spreckles, of this city, will be married today to Walter L. Richard in St. Thomas' church. The ceremony will be performed by the Rev. Dr. Ernest M. Stires and reception will follow at the home of Mrs. Spreckles.

Miss Edith Wooster, a sister of the bride, and Miss Ruby Bond, of California, will be the bride's attendants.

EASTER MUSIC MUCH PRAISED

KNIGHTS TEMPLAR HOLD IMPRESSIVE MEETING.

Presbyterian Program Excellent—All Churches Hear Music.

La Grande churches yesterday initiated a program of worship seldom equaled. Some had their biggest services in the morning, others at night. The Presbyterian church had an exceptionally busy day, likewise the Methodist church.

The L. D. S. congregation enjoyed a splendid presentation of the cantata "Gethsemane to Calvary" at the evening services. Under the direction of Joseph P. Price the choir did itself fine credit in rendering Yitty's noted classic, adapted to Easter time.

Yesterday morning about seventy Knights Templar of La Grande attended their annual Easter services at the Methodist church. Prior to the impressive ceremony attendant upon the Knight's visitation, sunrise prayer meeting, infant baptism at 10 o'clock, and an interesting Sunday School session had been held. Marching in a solemn procession, emblazoned with spectacular lodge attire, the Knights made a striking appearance. Rev. Chas. A. Edwards, pastor, in his sermon paid a well-deserved tribute to Knights Templar, giving them the major credit of bringing the Cross to the continent and to America, pointing out how centuries ago early Knights fought and bled to preserve the Cross when it was then being trampled under foot to Moslem hordes. He further recited some of the early history and pointed out the purposes of the order.

"Gloria in Excelsis," "Te Deum" and "The Passover" were the anthems rendered by the choir in connection with the services, Mrs. J. J. Carr ably directing as a 11th-hour substitute for the regular director, Mrs. Graham, who was called out of town last week.

Vespers Draw Crowd.
After the impressive Knights services, the next number of the day at the Methodist church was a vesper recital by the Methodist church orchestra under the direction of Ralph Henline, augmented by a well-rendered organ number by Mrs. W. A. Winters, and a delightful vocal solo by Mrs. Newmeyer who has been a much-enjoyed musician in various churches during a brief visit in the city. The orchestra did itself fine credit. Most of the players are beginners, but in spite of the large number—24 pieces—the unison and harmony features were exceptionally good. Mr. Henline's directorial skill was reflected in the performance.

Presbyterians Sing Well.
After an anniversary morning, the Presbyterian congregation last evening listened to a most-skilfully rendered musical program by the choir. Difficult numbers were handled with fine skill, and the evening was a genuine treat to lovers of music. The numbers rendered, under the direction of Mrs. A. L. Richardson included:

- Prelude, "Christ Is Risen" (Mozart).
 - Hymn No. 98.
 - Prayer.
 - "Omnipotence" (Shubert). Soprano solo and double quartet.
 - Scripture Lesson.
 - Solo, "Callest Thou Thus, O Master." Miss Deborah Smith.
 - Offertory.
 - Consecration Prayer.
 - Male Quartet, "Love Divine" (Parks). Messrs. Williams, Landrum, Anderson and Small. Soprano Obligation by Mrs. A. L. Richardson.
 - Festival Te Deum (Buck). Double quartet; soprano and alto duet; tenor and baritone duet; tenor solo; baritone solo; tenor and baritone duet; quartet; alto and tenor duet; double quartet; soprano solo.
 - Easter Incidents.
 - Baritone Solo "The Palms" (Fauer) Mr. Ray Williams.
 - Hymn "Tonight" (Arr. from Beethoven, Opus 57.) Mrs. A. L. Richardson, Mrs. C. H. Upton, Miss Deborah Smith, Mrs. Hal Bohnenkamp.
 - "When Thou Comest" from Stabat Mater (Rossini). Soprano solo and double quartet.
 - Benediction.
- In the Baptist church last evening another hour of music was enjoyed by a large audience. The choir there performed with credit to itself and mer-

itorious entertainment to the audience. The numbers included:

- Introit by the Congregation, Doxology.
- Song by the School, Star of Glory.
- Responsive Reading, The Resurrection and the Promise.
- Prayer.
- Anthem by the Choir, The Victor Song.
- Response by the School, The Easter Thought.
- Offering.
- Song by the School, The Day of Might.
- Greeting, The Easter Story.
- Primary Song, Happily, Merrily.
- Song by the School, The Risen King.
- Recitation, Let There Be Light.
- Anthem by the Choir, The Victory.
- Song by the School, He is Risen.
- Exercises, Rays from the Cross.
- Song by the School, 'Tis Shining Bright.
- Recitation, Constantine's Cross.
- Anthem by the Choir, The Grave has had its Day.
- Song by the School, The Cross of Jesus.
- Scripture Lesson, The Light of the World.
- Response by the Choir, The Vision.
- Exercises, Phases of the Cross.
- Primary Song, Beautiful Easter Light.
- Exercise, The Red, White and Blue.
- Recitation, The Cross of Victory.
- Song by the School, Onward in His Name.
- Recitation, An Easter Lesson.
- Anthem by the Choir, Now is Christ Risen.
- Reading, The Ascension.
- Closing Song, An Easter Vision.
- Benediction.

Other Churches Joyous.
Thus one might proceed down the whole calendar of churches. The Catholic congregation listened to exceptional music for Easter, the Christian church had delightful music, and a big day in general, the Lutherans had a special program, the Episcopal Easter services are always impressive and especially so yesterday, the Methodist church South observed the day fittingly.

This is the first time we can recall when it would have been safe for Portugal to undertake to whip Germany, Austria, Bulgaria, and the Turk all at one time.—Indianapolis Star.

Safe Medicine for Children.
"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effectual in relieving coughs, colds and croup. Obtainable everywhere.

GOOD WORK
Proper Food Makes Marvelous Changes
Providence is sometimes credited with directing the footsteps by so simple a way as the reading of a food advertisement.

A lady in Mo. writes, "I was compelled to retire from my school teaching because I was broken down with nervous prostration.

"I suffered agony in my back and was in a dreadfully nervous condition, irritable, with a dull, heavy headache continually, had no appetite and could scarcely digest anything. I was unable to remember what I read and was, of course, unfit for my work.

"One day, as if by providence, I read the testimonial of a lady whose symptoms were much the same as mine, and she told of how Grape-Nuts food had helped her, so I concluded to try it.

"I began with Grape-Nuts, a little fruit, and a cup of Postum. I steadily improved in both body and mind. Grape-Nuts has done more for me than all the medicine I have ever taken. I am now well again and able to do anything necessary in my work.

"My mind is clearer and my body stronger than ever before. 'There's a Reason.' Name given by Postum Co., Battle Creek, Mich.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.
