### Heacock's Orchestra

La Grande, Oregon.  
 April 27-16.

Dear Friends,

Do you always get good pictures, and have the best results with your Camera? If you do not there is a reason, and a remedy as well. Do you understand the use of the shutter, and do you know how to regulate your light and stop? Do you have trouble with over and under exposures, due to the light conditions in relation to the distance?

There are many reasons why you may not be getting the best out of your Camera or Kodak. Whether you have an Ansco, an Eastman, or any other kind of a Camera we are in a position to give you expert instruction along any line of the picture work.

We shall be glad to give you free instruction in all of the following branches of picture work:

1. Uses of the lens. (R. R. Type of Antistigmatic)
2. Uses of the Shutter.
3. Distance and light conditions.
4. Films and plates.
5. Copying and Enlarging.
6. Artistic Photography. (Inside time exposures, Flashlight and Landscape pictures)

Hoping that you will give us the opportunity of helping you along any of the above lines of the work, or any other particulars of camera work, we remain,

Your truly,

The Silverthorn Family Drug Store.
