**A Symbol of Health.**  
The Pythagorians of Ancient Greece ate simple food, practiced temperance and purity. As a badge they used the five pointed star which they regarded

as a symbol of health. A red five pointed star appears on each package of Chamberlain's Tablets, and still fulfills its ancient mission as a symbol of health. If you are troubled with in-

digestion, biliousness or constipation, get a package of these tablets from your druggist. You will be surprised at the quick relief which they afford. Obtainable everywhere.

## Electric Control Buttons at Your Finger Tips

Naturally, you want a car that can be operated easily—you realize that the extent of pleasure and safety in driving depends upon the ease of control.

In most cars the details of control seem to be planned with an eye for convenience in assembling the various parts.

But the Overland control was arranged just as you would arrange it if you were designing a car for your own convenience.

You control the electric magneto, the electric lights, the electric horn, with your finger tips, without bending forward. To start the motor you merely touch a foot button in the floor.

A woman or girl can drive the Overland in safety. Its control is easy and instinctive.

Let us tell you about the other Overland advantages.

## BURTON MEN ARE CONFIDENT

SAY ELEVENTH-HOUR TREND IS TOWARD HIM.

Portland Man, Stumping Up State, Finds, He Says, Good Outlook.

"As the day of the Oregon primaries draw near, Theodore Burton's chances of winning the Oregon delegation to him are vastly improved and more certain" declared C. J. Owen, of Portland, who was in the city this morning looking after the Burton interests in this section of the state.

"We Burton supporters know we have a good man at the head of the movement and as the people are finding his merits out, they are swinging to him in large numbers.

"As I travel over the state I hear Burton talked in a way that is pleasing," continued Mr. Owen. "There seems no doubt now as to how the vote will stand on the morning of May 20th.

"The Oregonian recently pointed out the whole truth in a nutshell when it touched upon his qualifications. I quote from it:

A President of the United States has said publicly that Theodore Elijah Burton is 'a statesman and a scholar and that he is well qualified to fill the highest office in the gift of the people.' Undoubtedly it is a deserved tribute to a public man who has given the greater part of his life to the service of the people, and who has made in Congress an indelible record of fidelity, efficiency, industry and independence.

Let us emphasize the last named quality. Mr. Burton served for many years in the lower house of Congress, and a term in the Senate; and there was no time throughout his Congressional career when he did not take the course good conscience and sound judgment indicated. He was and is

a Republican, but he never permitted partisan demands in any way to interfere with the public welfare; nor did he suffer his duty to his immediate constituency to impair his large vision of a great and united Nation.

The extraordinary service performed by Mr. Burton as member and chairman of the rivers and harbors committee of the House, and later as a Senator, in his unceasing warfare on the pork barrel, is well remembered. It entitles him to the grateful appreciation of everyone who believes that appropriations should be made on their merits and not upon the size and strength of Congressional pull. It ought to be mentioned also that Senator Burton is and has been a friend of the Columbia River, and has favored reasonable and even generous appropriations for its improvement. But he has been invincibly opposed to the system which saddled down useful projects with wasteful and criminal expenditures for other schemes not worthy of any kind of consideration on their merits.

## C. T. BACON TO RETIRE

HIS SUCCESSOR WILL BE NAMED SOON.

Annual Election by School District Drawing Near.

The annual school election is due within a short time. The only matter of much consequence aside from arranging for school maintenance will be the election of a director to succeed Dr. C. T. Bacon whose term expires. Dr. Bacon stated today that he would not be a candidate to succeed himself, taking the reasonable ground that five years continuous service for the district is all that should be expected.

### Name of Festival Changed

Freewater, Or., May 8.—During the early part of June Freewater will celebrate Cherry day. At its last meeting, the Commercial club decided to change Freewater's annual celebration from Peach to Cherry day, because the cherry crop exceeds the peach crop in both production and value. Prizes will be given for the best cherry exhibits and for sports. An auto parade and ball game are included in the list of amusements.
