

# Tuxedo Nights

by Walt Mason

When the day's work's done, and the good old sun has sunk in the well known West, then I stretch my form by the fireside warm, I sit at my ease and rest. Then I take my pipe which is mildly ripe, as the pipes of good smokers are, with a chortling soul then I fill its bowl from my glass Tuxedo jar. And I smoke at ease, and my trouble flees to the place where dead troubles go; and my worries seem, in my waking dream no longer to have a show. And I say, "Indeed, it's a noble weed that drives all the ghosts away, and clamps the lid on the cares that skid around through the busy day. The worries and woes and such things as those in the daytime leave their scar, but there's rest at night and a calm delight in my glass Tuxedo jar."

## MACK'S SLAB MARCEL IS GRADUATE SMITHY

ELMER MYERS

Muscles developed as a kid, puffing bellows and massaging the anvil in his dad's blacksmith shop in York Springs, Adams-co., Pennsylvania, are making Elmer Myers famous these days. "Myers is the greatest young pitcher I have ever developed. Better than Plank, Bender or Coombs? Yes, sir! Myers does not know as much about pitching as these old stars, but right today he is a better pitcher than any of them were in their prime." That is Connie Mack's tribute to the graduate blacksmith.

The summer gymnasium schedule of the Y. M. C. A. has been arranged for the summer months by the general secretary. In addition to the regular gymnasium schedule, other forms of physical education activities will be conducted. All classes in physical activities will be conducted along regular, systematic lines and the art of form will be the main source of development.

7 o'clock to organize their summer evening gymnasium class.

35,000 Killed Yearly In U. S. Industries

"The United States," says Arthur Williams, president of the American Museum of Safety, in a statement issued yesterday, "is continually waging a bloody war within its own borders, a war in which the casualties amount to 35,000 lives each year and in which the total number of wounded annually is 1,590,000. It sounds more like the returns from the battlefields of Europe, but in reality it is the number of workers killed and injured every year in our American industries."

"In a sense it is not unlike a great struggle in which men are constantly attacking massive steel machinery, vast destructive forces harnessed and speeded to the utmost. It is appalling when we stop to consider 35,000 wiped out every year in times of peace. This would constitute an entire division of the army or in other words, the whole National Guard of New York state with every unit recruited to war strength."

"In two years it would more than equal all of the Union soldiers killed annually. 1,590,000, is still more appalling for this number of cripples if left whole and sound would constitute a force sufficient to render the United States free from invasion from any nation in the world."

"Although the American Museum of Safety is an institution of peace, we believe that through making industry safer and conserving our forces in men we are achieving a great deal toward preparedness. The Museum is now planning the third National Safety Exposition which will take place in New York May 22-27. Among the prominent men who have promised their backing to the exposition are Gov. Whitman, Mayor Mitchell, Thomas A. Edison and General Leonard Wood."

New Hours Selected. The schedule will be as follows: Seniors, Friday evenings 8-9:30; Businessmen, Tuesdays and Fridays 5-6; Juniors, Mondays and Thursdays 4-5 Saturdays 9-10; Ladies, Mondays 2-4; Wednesdays all day and evening; Fridays 6:30-8 and Saturday's 2-4; Intermediates, Tuesday and Thursdays 3-4; Saturdays 10-11; Girls, Tuesdays and Thursdays 2-3; Group Games Promoted.

The method of procedure will be the regular summer program and will no doubt prove very interesting to all the class attendants. The main idea carried out in the summer program is the group game procedure. Marching evolutions will be given, short calisthenics and a little mass work, ending with games.

New Secretary Elected. Mr. King the new secretary is quite elated over the possibilities of a very systematic and well carried out gymnasium program for the fall and winter months, especially is this so with the progress that is being made by the ladies' gymnasium class. They have accomplished much and in their game of volleyball, there are few teams composed entirely of ladies that could defeat the best in the local Y. M. C. A. During the summer months weather permitting, the ladies' gymnasium class will hold its volleyball games outdoors on the grounds of the tennis courts.

All the young ladies of the evening class are requested to be at the association building Friday evening at

### BANKS DEFY GOVERNMENT

Shanghai and Hankow Institutions Redeeming Notes

Pekin, May 15.—The Shanghai and Hankow branches of the Bank of China and the Bank of Communications have ignored the recent government mandate, forbidding the paying out of silver, and have stopped runs upon their institutions by redeeming bank notes. As a consequence the financial situation, in those cities is quieting down.

The Tien-Tsin and Peking banks are obeying the mandate, order being preserved by the troops.
