IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Portland, June 7.—Mrs. Dora B. Schilke, of La Grande, was elected yesterday worthy grand matron of the Order of Eastern Star of the Grand Chapter of Oregon. The 27th annual session of the grand chapter opened yesterday in the Masonic Temple, and will continue throughout today and tomorrow. Cause of Rheumatism Discovered

In the June American Magazine is an article on rheumatism by Dr. Arthur R. Reynolds who says: "The cause of rheumatism is pus formed and imprisoned in some part of the body and some of it gets into the circulation and is carried by it to the region infected. These pus places may be more or less closed up, so they are not easily drained. They may be located about the teeth, in the crypts of the tonsils in some of the sequestered places in the nostrils, in the bony sinuses of the head; they may be in the bladder, the kidney, the gall ducts or other places. The pus producing spot may be as small or smaller than a pea or it may be larger. Its existence is frequently unknown to the patient, especially if it is hidden in soft tissue like the tonsil. It may even exist in the bony socket of a tooth without giving pain.

"Several different organisms produce pus, and any or all may produce rheumatism when transferred to the joints or the heart.

"The physician today seeks for the pus cavity when he meets a patient with rheumatism, and he endeavors to clean it up. Rheumatic pains have been stopped with magical promptness by simply extracting the offending tooth. It is not always easy to find the pus places in the hidden parts of the body. The X-ray shadowgraph is essential in locating the trouble; it shows definitely and accurately all trouble about the roots of the teeth and its use therefore is of the first importance in ferreting out the pus in the deep structures."

Indian Lions and Orange Thrill Movie Fans

In the June American Magazine is a story concerning Leslie T. Peacock, author of "Neptune's Daughter" and some four hundred other movie plays. Captain Peacock used to be a soldier in India, later he did a lot of India stories for the screen but a producing director almost broke his heart. "The ex-soldier and inhabitant of India heately and repeatedly volunteered the information that India had no lions or orange-outings. The director defended his position with a counter attack: Why did the captain think they maintained these animals just to hear the lions do vocal gymnastics? If India had no lions that was her lookout."

NORTH POWDER FARMERS BUSY

ACREAGE WILL BE BIGGER THAN FIRST THOUGHT.

Personal Mention and News Items From North Powder Vicinity.

North Powder, June 6.—(Special)—Miss Etta Brown and mother were up to North Powder from their Union home last week on a visit to friends. Jerry Lenheart and family left Sunday morning for Portland to visit the Rose show and other points and expect to be away for two weeks on a vacation.

Forsstrom-Pilcher have brought in some new autos and are selling them out as fast as they come. This firm has their new furniture store and garage fixed up nicely.

Mr. and Mrs. James Miller arrived at North Powder last week and will make their future home on their farm southeast of town. They were married at Broadview, Mont., on May 25th and left for their home in Oregon. Mrs. Miller was Miss Edith Hunt who taught domestic science in the Union school a few years ago and is well known in Union county.

Richard McClaren was taken to the Grande Ronde hospital last week on account of a nervous breakdown. He will have to be in the hospital for some time as he is seriously ill and may have to operate on as well.

A number of the North Powder people were summoned before the grand jury in La Grande on June 6th to tell what they know about the case of Hobbs vs. Hooper. A scrap that occurred some time ago was taken before the grand jury.

Farm work is progressing nicely in this section of the country. Most of the farmers are through seeding and the acreage is large to what was expected when the spring was so late. Fall grain is looking fine since the weather has warmed up and everything promises a goodly yield in the grain line. Complaints of gardens being backward on account of the weather but a few warm days will soon remedy that.

J. O. Miller, a recent arrival from Montana, was out looking for a team of horses the other day and purchased a nice large span from James Hooper.

Dr. and Mrs. Law made a business trip to La Grande last week. They went in their auto. Mrs. McLaren accompanied them.

The contests on the desert lands southeast of town was decided in favor of the land owners by the Secretary of Interior. These cases were decided the same way some months ago by the commissioner of the general land office but the contestants appealed their cases with the result above mentioned. The owners have at all times more than fulfilled the law and there was not the least chance of them losing the land.

Many auto tourists pass through this section and all seem to be enjoying themselves. This is a fine way to travel and it is not to be wondered at that owners of cars take their vacations in this way.
