Hupmobile

Whether you should choose a car with four cylinders or more, cannot be settled by mere talk—which proves nothing. There is much to be said on both sides—but nothing in behalf of multi-cylinders which the Hupmobile will not be glad to answer in an actual demonstration of performance.

We take it that you want—first, high-gear flexibility, pick-up and pulling power; second, smoothness, silence, and absence of vibration at all times. On these points the Hupmobile welcomes comparison with any car, no matter how many cylinders it has, especially in its own price-field. Consider, in addition, its simple reliability, and note that neither difficult nor numerous adjustments are required to keep it at its best.

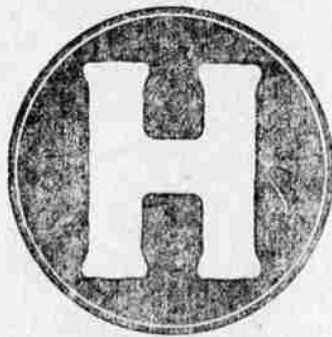

Hupmobile quality and economy have never been so completely expressed as in this car.

And the fact that current sales are much the largest in Hupmobile history, emphasizes its reputation as "the best car of its class in the world." We really believe that your decision in favor of the Hupmobile is merely a matter of putting it to the performance test—which any of our dealers will gladly give you.

FEW GAME BIRDS SENT

UNION COUNTY'S SHARE IS SMALL

Total Birds Liberated in Oregon in 1915 Is 4029

The number of various species of game birds liberated from the state farm to various counties of Oregon during 1915, has been published by the State Game commission through the Oregon Sportsman, the official organ of the commission. The grand total of birds thus liberated in the state in that period includes: Chinese pheasants 2914; B b Whites 973; California Quail 959; Mountain Quail 142; Total 4029.

Forty-eight Bob White Quail were liberated in Union county during that period, compared to 24 in Umatilla 83 in Kalamath; 60 in Hood River; 60 in Baker.

Of the Ring-Necked pheasants, Union county got none, Wallowa 140; Baker 220; Crook 194. There were about 25 counties provided with these birds. California quail distribution included: Umatilla 84; Union 24; Yamhill 220.

La Grande people are distinctly proud of L. Rayburn's performance in Portland this week when he won the Northwest individual championship blue rock contests. He hasn't been in practice for nearly a year but for all that went to Portland and showed his real calibre by winning over all comers. The feat was a dandy one, and no mistake.

Further inventory of bowling records in the World's Almanac, brought about by the remarkable scores made by Ed. Houck of this city the past two weeks, reveals that the official record for 75 games was made by Fred B. Egelhoff on the Palace alleys in Brooklyn, with an average of 230.29. This was in 1906. Houck's record, for 100 games, instead of 75, averages 233.63, his record being 233.63 pins in 100 games.

In the light of last Sunday's 10-inning game with Imbler, it is to be supposed that a fine contest will be seen in Imbler when a return match is staged. Cove and Elgin's tight game last week will be gone over again at Cove next Sunday, and the Valley league will undoubtedly see two fast games tomorrow.

John Girdler and Secretary King of the Y. M. C. A. had an interesting match at tennis on the La Grande Tennis club courts a few days ago. The La Grande champion was bested in the match by Mr. King.

A class of women and small boys are taking on the rudiments of tennis on the new Y. M. C. A. courts down town. Especially among the boys is some fine talent developing under the direction of Secretary King, but the women too are getting the tennis fever. Several women of mature years who never before thought of tennis, are buying rackets and acquiring other paraphernalia for the game.

The new time table on the Joseph branch goes into effect tomorrow morning. The hour of departure is 7 a. m. and return at 9:10. This will allow fishermen opportunity to spend nearly an entire day along the fishing streams.

AUTOMOBILE NEWS.

It seems likely there is not much new under the sun in the way of automobiles. One of the most unique models came into Leighton's garage yesterday all the way from South Bend, Indiana, en route to Spokane. It has a chassis, of course, but the body part was simply a platform. There was a spacious covered gas tank and tool receptacle in the rear and the front covering was about the same as on all machines; two seats which seemed rather low, steering arrangements, wheel guards—that's about all. The most unique feature of all is the fact that this is one of only ten cars of the kind ever made and is known as the "G. J. G." The reason for the limited output is that the firm's specialty is the building of motors and they only make cars on special orders. That probably accounts for the limited amount of rigging above the frame. It was in charge of Mr. R. Payton, who left Indiana May 4, and has been getting along fairly well as far as roads are concerned but run against real grief in Wyoming. He was caught in two blizzards in the Rocky mountain region between Laramie and Rawlins. Mr. Payton said it was a man's job to keep on the ground to say nothing of making any headway on the road in the fierce storms.

Tuesday evening the Motor club held an interesting meeting looking forward to the motorcycle race this summer. Much of importance came up for consideration.

Speedway, Maywood, Ill., June 10.—Twenty-seven of the world's fastest auto drivers are ready here today for the start in the western automobile classic, the second annual Chicago Derby. The distance is 300 miles and the prizes amount to \$30,000 cash. It was estimated that 30,000 auto fans were crowded in the grandstand and along the speedway course shortly before Starter Fred Wagner sent the speed demons on their way. Half of the crowd were visitors to the Republican, Progressive and Woman's Party conventions. The Republicans adjourned at noon to let the delegates get to the race. Dario Resta, who won the Derby last year in a Peugeot, establishing a record of 97:58 miles an hour; also winner of the 300 mile run at Indianapolis May 30th, was

GAG RULE MUZZLES JOHNNY EVERS

JOHNNY EVERS.

The continued silence of the famous Trojan and keystone king this season is explained by Evers who says he is the victim of a conspiracy on the part of umpire and league officials to break his spirit. Evers' lack of "pepper" has resulted in the Braves becoming a spiritless, punchless team.

TWO RAIDERS HANGED.

Mexicans Exhibit—No Emotion When Ceremony Is Begun.

Deming, New Mexico, June 9.—Francisco Alvarez and Juan Sanchez, convicted of murder for participating in the Columbus raid, were hanged in the jail today. Neither exhibited the slightest emotion.
