Interest in Lecture Continues.

An attentive audience listened last night to Dr. Samuel Worcester's lecture on the Swedenborgian doctrine of the trinity in the Lord Jesus Christ, the one God of Heaven and earth. Tonight the concluding lecture of the series, and probably the most interesting, will be given at the Baptist church on "Death and the Resurrection," presenting the beautiful as well as the rational and biblical doctrine on this subject as held by the Swedenborgians. All are cordially invited.

Demonstrations in road building and road repair work, trips through neighboring canyons and a special automobile parade will be held in connection with the program. Batchelder, secretary of the American Automobile association, will address the convention tomorrow on the subject "The Automobile and the Road."

Visitors Open Pit.

Christholm, Minn., June 13.—In a special train arranged for them, 3,000 delegates to the Forty-fourth annual state convention of the Minnesota State Fire departments, were taken for a trip through the largest open pit iron mills in the world.

There they saw gigantic steam shovels producing iron ore at the rate of 75,000 tons every 24 hours, or greater operations than were carried on in building the Panama Canal. Then the visitors were taken 400 feet underground, where they were shown miners taking out the ore in a different method. Governor Burnquist will be here for the occasion.

War Bread Causes Indigestion.

The Hague, June 13.—Holland's war bread, which has been in use for the last few weeks, will have to be changed. The Holland populace says so, the physicians of Holland says so and the government is expected to agree. Unlike the war bread of all other European countries, the Holland bread was made of flour which contained the husks of the wheat. Even the sturdy Dutch stomach was unable to endure the scrapings and scratchings of the wheat husks and shortly the physicians of Dutch cities and towns had a rush of patients whose digestive organs had gone wrong. The doctors quickly traced the trouble to the war bread.
