THOSE SUDDEN TWINGES.

Bring Suffering to Many a La Grande Reader.

Pain is nature's signal of distress. A warning not to be ignored. Those sharp twinges in the back—those sudden, stab-like pains when stooping.

Are frequent signs of kidney trouble;

Signs that must not be neglected.

To remove kidney pains, you must assist the kidneys.

Use a tested and proven kidney remedy.

None more highly endorsed than Doan's Kidney Pills.

J. D. Morrow, rancher and butcher, 517 Marie St., Pendleton, Ore., says:

"I had pain in the small of my back for about three months. If I did any work that obliged me to stoop, sharp twinges darted through my back, just over my right kidney. The kidney action was very irregular and the kidney secretions pained when passing. One box of Doan's Kidney Pills removed all these troubles."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Morrow had.
