Clear Skin Comes From Within

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do not gripe, yet they relieve the liver by their action on the bowels. Good for young, adults and aged. Go after a clear complexion today. 25c at your druggist.—adv.

THE NEWEST REMEDY FOR Backache, Rheumatism and Dropsy.

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "Anuric."

During digestion uric acid is absorbed into the system from meat, oatmeal, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anuric," the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and Insurance Company examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination. This is done by expert chemists of the Medical Staff of the Invalids' Hotel, if you wish to know your condition send a sample of your water to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his Staff of Assisting Physicians will inform you truthfully.

KNOW YOURSELF! Read all about yourself, your system, physiology, anatomy, hygiene, simple home cures, etc., in the "Common Sense Medical Adviser," a book of 1000 pages. Send to Dr. V. M. Pierce, Buffalo, N. Y., three dimes or thirty cents in one-cent stamps for a cloth-bound copy.

Forethought.

People are learning that a little forethought often saves them a big expense. Here is an instance: E. W. Archer, Caldwell, Ohio, writes: "I do not believe that my family has been without Chamberlain's Colic, Cholera and Diarrhoea Remedy since we commenced keeping house years ago. When we go on an extended visit we take it with us." Obtainable everywhere.—adv.

Revelation

Traveler—"I say, what are you people so proud about? Las time I came here everybody was very friendly, and now I can hardly get a person to speak."

Uncle Eben—"You'll pardon us but it's our town pride. You see Joe Summers picked up a guide-book that fell out of a motor car last week and we found that the old tannery swamp is a mountain tarn. Simmon's stone-quarry a precipice, Bill Moodler's beer-house a wayside inn and the whole country full of historical anecdotes and delusions."—Teledo Blackie.

SEE AMERICA FIRST.

Attractions Those Who Do Not Know Their Country Would Find.

I have crossed the equator thirty-six times and been around the world four times, and, on the side, I have been in every state of the United States. In all I am certain that I have traveled much over 200,000 miles.

I am frequently asked by friends where to travel on pleasure, and I always say, "See America first."

If I had a month's leisure and a few hundred dollars to spend in travelling for pleasure I would turn to the great west. Starting from New York, I would pass through Buffalo and stop off long enough to see Niagara falls and thence to Chicago and through Milwaukee and on to the Twin Cities, spending a few days in the lake region of Wisconsin and Minnesota, where I would find fishing, canoeing and sailing on some of the most beautiful inland waters of the world.

Continuing westward, the attractions of Glacier National park in the northwest corner of Montana would surely lure me to stop for a few days.

From this paradise I'd journey westward and see Mount Rainier National park, which covers more than 200,000 acres. World travelers have called Mount Rainier the "king of all mountains."

I would be sure to go to Tacoma and Seattle and Puget sound. If I had the time I certainly would take a ship at Seattle and go to see the wonders of Alaska, with its icefields that out rival the Norwegian fjords.

I would not miss Portland—the Rose City—where the queen of flowers blooms in profusion most of the year. From Portland I could go via boat or train to San Francisco, with its famous Golden Gate, and on southward to Los Angeles or turn my face toward the rising sun and visit Salt Lake City in the shadow of the Wasatch mountains.

From Salt Lake City to the Yellowstone National park is an overnight run by train, and I'd not miss this reservation for anything.

If my thirst for mountain scenery was still unsatisfied I should come east by way of Denver, situated one mile above sea level and surrounded by snow mountains that show their rugged outlines against the sky for more than 200 miles, of which Pikes peak is the dominating feature.

From here on I would journey home as time and fancy dictated. On all sides and by whatever route I might select I would find an attractive country with ripening orchards, waving fields and smiling farms through which to pass.

Throughout this entire holiday I would have no troubles from wrestling with foreign languages nor with unfamiliar coinage. There would be no vexatious customs to pass, no irritating police regulations to observe.—Dr. W. E. Aughinbaugh in Leslie's.

Interpreting a Problem.

Appropos of the problem of the greatest number that can be expressed by three figures, L. Capitaine writes that the figures 99 may be interpreted in two different ways. They may mean the ninth power of the ninth power of 9, or they may mean 9 raised to the ninth power of 9.

The ninth power of 9 is 387,420,489. This number raised to the ninth power is nothing so tremendous; any one could do the necessary calculation with a little time, as the result has only about seventy-five figures. But if we accept the second interpretation—9 raised to the ninth power of 9—it means that we shall have to multiply 9 by itself 387,420,489 times, which is a very different thing.

If All the World Were Perfect.

If all the world were perfect an intolerable sameness would be stamped upon humanity from one end of the earth to the other. "For the love of heaven," some one has exclaimed, "let me retain my defects. That is the only thing I really have." Moreover, there are some really quite captivating human defects. But it is important to control them so that they may never become obnoxious.—Anatole Le Braz in Outlook.

To Mend a Tablecloth.

When a tablecloth begins to break or a small hole appears, cut a piece of white paper some larger than the place to be mended, baste securely over the hole and stitch on sewing machine, lengthwise and crosswise, very closely and evenly. It will look much neater and is easier than darning or patching by hand. I also mend sheets and bedspreads the same way. The paper will disappear when washed.—Farm and Fireside.

Belated Wisdom.

"What I want to know, Johnny," demanded the stern parent, "is why you picked a quarrel with that bad boy next door?"

"I don't know, sir," replied the injured culprit, "but I s'pose it must have been 'cause I didn't know what a bad boy he was."—Richmond Times-Dispatch.

Could Use Them.

Old Lady—My poor man, here is a cent for you. Polite Beggar—Can't you make it two, madam? Old Lady—What would you do with 2 cents? Polite Beggar—I'd buy a stamp and mail you an acknowledgment, madam. Etiquette forbids me using a postcard.—Judge.

Perkins' Paradox.

"Why, he can support her all right, but he claims that she is insupportable."—Boston Transcript.

No indulgence of passion destroys the spiritual nature so much as respectable selfishness.
