

For that Stubborn Hacking Cough

Stubborn coughs indicate some chronic inflammation of the air passages. It has become chronic because the system, unaided, is unable to throw it off.

The aid needed to effect a cure is

OUR EMULSION OF COD LIVER OIL

There is no other remedy so wholly reliable for the cure of chronic coughs, incipient consumption, or for any debilitated condition. Our Emulsion is better than other good emulsions because always freshly made.

eral and also to see further about the proposed extension of concrete walks at the company's office building. While in La Grande Superintendent Veits was the guest of G. H. Black, the La Grande agent for the express company.

Miss Margaret F. Mers, secretary of the state water board of Salem, who has been in Wallowa county reporting testimony as a stenographer in the water contests arising in the Wallowa river adjudications under Superintendent James P. Chinook, came out from Enterprise last evening en route to her home in Salem, and is in the city today as a guest of State Superintendent George T. Cochran and family.

Mrs. H. C. Grady is here from Portland attending Chautauqua and is findable by her friends here at the park booth.

Mr. and Mrs. W. N. Shade leave tomorrow for Kansas points to be gone about three weeks. They will stop over in Denver and then go on to Mr. Shade's native state. He is a switchman here.

Mrs. C. O. Gardner and daughter, Norene, returned this morning to their home in Nampa, Idaho, after visiting at the George E. Stanfield home.

Mrs. Mary Kohl, who was taken to Hot Lake three weeks ago from her home at 902 Wash., to take treatment for rheumatism, is reported to be in a critical condition. Her many friends here hope to hear of her quick recovery.

CHAUTAUQUA SIDELIGHTS

Riverside Park, June 30.—That was all a mistake about the change of moon today guaranteeing good weather. For the first time since the Chautauqua opened the breakfast hour was disturbed by drops of rain—lots of drops it was, too. Everybody's hope for good weather was hung on the fact the moon changed today and that there would be a change in the weather, but, alas, the change was for the worse, it seems.

A spectacle but few witnessed from the sidelines on the grounds last night was the parking and unparking of automobiles. As the crowd began to gather traffic policemen arranged them in an orderly way on the parking space and when the last car had unloaded its passengers there were just 186 in that particular group. When the available space was filled cars were parked on the highway and elsewhere and accurate count lost track of, but many placed the estimate at 250 to 300, which is about right.

After the concert was over began the unraveling of the myriad of cars. In an orderly manner the cars were untangled from the outer edge first and alternately one from each side of the park and for 20 minutes an overflowing river of cars poured out of the side entrance. The glare of automobile lights and the chug and purr of engines disturbed the night air like a conflagration and a roar of strong winds. The feat of getting the cars out without a mishap was complimentary.

Wallace Kadderly, crack quarter miler and sprinter, who has carried O. A. C.'s colors to distinction the past three years, was a listener to the Marine band last night. He is spending the summer with his college chum, Lee Reynolds.

Roy Conklin was one of Wallowa county's visitors yesterday at the grounds.

Rain Coats

OF EVERY STYLE—The kind that will make a stylish street Coat—The kind that will make a serviceable Auto Coat—The Kind that keeps out the rain. Bought in quantities for our 125 stores which give us a price to you that you can afford to pay.

Come and see our line of Fire-Crackers and Flags and everything to make the Fourth a joyful one. Big reduction on all Sporting Goods.

Newlin Book & Stationery Co.

The "Melting Pot," by Mrs. Harford at the 11 o'clock hour called forth much praise for the speaker today. Proceeding that was the singing by a large chorus of girls, of our National hymn, "America." The playlet, "Its Coming, Uncle Sam" rendered by the children was much appreciated. Do not forget the Gold Medal contest tomorrow at 11.

FRANCIS LABADIE

Entertainer From Northlands Who Appeared Twice Today.

Francis Labadie, American born, but the son of French Canadian parents, appeared both in the morning and afternoon today. His first lecture, "Tales and Types," was a characterization of the French Canadian, and was thickly sprinkled with the dialect poems of Dr. Henry Drummond, "Little Baptiste," "Dominique," "The Wreck of the Julie Plant," and "The Devil," being particularly well received. This afternoon he described a summer trip through Alaska.

Last evening a group of young people conducted a marshmallow feed on the banks of the Grande Ronde after the program. Superintendent Erickson was one of the guests. Singing, stories and refreshments made up the delightful "program."

Nobody enjoyed themselves better yesterday than the 10 old soldiers and 15 W. R. C. women who had a picnic lunch in the pavilion after the afternoon program. The patriotic outburst during the closing number of the band concerts on both occasions were sources of keen delight to the veterans, who were thrilled with the wave of enthusiasm that swept over the vast audience as the band swung into the national air amid waving of flags, handkerchiefs and hats. At night especially the cheering was vociferous.

The Cove is very well represented at the grounds. Some of the families are camped and others make daily trips by auto. Among the east side attendants are Mrs. George Baker, Mr. and Mrs. George Corpe, Mr. and Mrs. Blevens, Mr. and Mrs. Albert Conklin and sons, Mr. and Mrs. Tom Conklin and two daughters, Mrs. Lu Payne, Mr. and Mrs. Toke Ross and others.

DEAD SOLDIER HONORED.

Chicago, June 30.—"He was a soldier of the United States." With this explanation Lieutenant Kenney, of the recruiting service of the Army in Chicago, ordered a detail to do military honors over the body of Charles A. Thompson, private of the Fifteenth Cavalry, who was killed by being crushed under a horse at Fort William McKinley at Rizal, in the Philippine Islands, May 3. Thompson's body arrived from San

Francisco and was to be sent on the Grand Trunk at 4:30 p. m. to Goodells, Mich., his former home. The bier was draped here with the American flag and a car has been placed at the disposal of the Army by the railway. Thompson was the nephew of F. W. Ruby, of the Thomas Cusack company, and the first of a family of 10 children to die. His mother is a widow. Before enlisting about three years ago, Thompson was a member of the Michigan National Guard.

BY S. G. DIXON, M. D., LL. D., D. D. SC. (Pennsylvania Com. of Health)

A great essential has been neglected in the education of the tens of thousands of young men and women who are graduating from the high schools and colleges of the country. In the majority of instances they have had mental but not physical education.

Some few have devoted themselves to a greater or less degree to competitive sports. This number is but a small fraction of those who pass through our schools. Our curriculums are often so planned that they make physical development difficult or impossible. To lay the foundation of health there should be proper physical training under the supervision of specially trained medical men beginning in the elementary school and going through the college course. A few years of training in youth and early manhood and womanhood would serve to instill habits or personal hygiene which would aid inestimably to our future welfare, individually and as a Nation.

Today Sweden is leading the world in systematic education with a resulting high average of citizens individually prepared to take their part in the defense of their homes.
