We Consider Your Success
Paramount to Our Own

WHY?

Because our success depends on the development of the communities served by us and the prosperity of their inhabitants.

We have made large investments for your convenience and comfort, in property which cannot be moved to some other locality if our business does not prosper as can yours—Therefore not only from public spiritedness but from business interests we wish to cooperate with you in anything tending to further the welfare of the community.

No proposition is too small to receive our cheerful and thorough consideration and active encouragement.

EARLY-DAY UNION COUNTY MINER DEAD AT FRISCO

Word has been received of the death at his home in San Francisco of Samuel Williamson. The deceased was a cousin of Samuel B. and John T. Williamson and Mrs. Hannah Rogers of this city. He was an early resident of Union county and was for a considerable period engaged in mining at Sparta when that part of the country belonged to Union county.

After leaving Sparta, "Sam," as he was known by everyone, went to San Francisco where he has been living the past twenty-five or thirty years. His death was indirectly a result of the big earthquake and fire in San Francisco. The house which he occupied at the time of the shock was totally demolished and Mr. Williamson was thrown into the street where he remained in an unconscious state for several hours. The ordeal produced a serious effect on his nervous system. A short time ago he was considerably jarred in a hotel elevator and he relapsed into the condition in which he was found the morning after the big quake. He was removed to a hospital and did not recover.

Since his removal to San Francisco Mr. Williamson made frequent visits to La Grande the last of which was but two or three years ago. The news of his death will be received with deep regret by his many old friends and acquaintances and especially among the old-time miners of the Sparta district.

Miners' Reunion at Sparta

There was held at Sparta last Wednesday a reunion of the old miners of that camp, or of those who survive as well as those who have come later. Most of the present residents of the Sparta district arrived from fifteen to twenty-five years after those who first worked the dirt around the old town. Among the very early ones there remains now only Capt. Chas. Craig, who is marshal of Richland; Jim Holcomb, a rancher, Dan Moore, Dr. J. H. Fake, who are still residents of Baker county. To this list of survivors should be added John T. Williamson of La Grande and Uncle Billy Packwood, of Baker.

But what a list there is of those whose pursuit of earthly treasure has ended: Rufus Perkins was for many years the proprietor of the old stone store where the reunion was held, Dixie Lang, one time county commissioner; Wash Moody, Bill Arble, about the only democrat in the camp and who regularly was sent to the democratic county convention as delegate from Sparta precinct; W. W. Ross, store-keeper and ex-representative; Ed. Whitney, Jim Sommers, Dad Henderson, Jim Westerdale, violinist; Wm. Ellis, Scotty McKinnell, Wm. Ainsworth, Ed. and Wm. Wilkinson, Job Curles, Steve Pindlar, Aaron Weller, and many others prominent in affairs when Sparta belonged to Union county, are included in the list of absent ones.

News of Twenty-Four Years Ago

(Clipped from Old Files)
A large amount of wool is being received at Elgin from the Wallowa. Miss Olive Slater, a teacher in Annie Wright seminary at Tacoma, has arrived home on a visit.
A. J. Martin of the Union Pacific supply department, arrived home Wednesday from a trip to Omaha.
W. H. Galloway, an old resident of Union county, died at his home in Elgin last week. The deceased leaves a wife and three sons all of whom are residents of the county.
The board of directors of the Alliance Milling company met in La Grande Saturday to consider plans for the mill and to arrange for letting contracts for construction of the same. The city authorities made an order

Get the Habit of
Drinking Hot Water
Before Breakfast

Says we can't look or feel right
with the system full
of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

last week by which all persons may be vaccinated free of charge on application to Dr. M. F. Honan.

The citizens of Elgin held a meeting one evening last week and decided to postpone their proposed celebration. The reason for this course is on account of the prevalence of diphtheria and scarlet fever in that vicinity and the case of small-pox in La Grande.

Pastor of Cedar Grove Resigns

Cedar Grove, N. J., June 30.—Having resigned after confessing he was a "naughty boy" for kissing pretty 19-year-old Miss Maud Jacobus, the Reverend J. Lewis Evans, 55, "The Kissing Pastor of Cedar Grove," left here today with his wife, his luggage and no regrets.

According to the story told by Evans, Mrs. Evans and Miss Jacobus at the time the kissing incident was probed by the congregational church standing committee, Miss Maud was helping arrange the parsonage and found Dr. Evans among the furniture in an upstairs bedroom.

Dr. Evans admitted that it was then he kissed her. The standing committee sat down on Dr. Evans, demanding his resignation.

His reverence is not without friends among the churchfolk even now nevertheless. Lewis Evans, no relation,

who formerly was treasurer of the church, said that "even if Dr. Evans has been an ass, he has been treated too harshly by the church."

Dr. Evans said he was glad to know Mr. Evans said that. He said he agreed with him; he "guessed he had been an ass."

Miss Maud had been secretary of Dr. Evans' Sunday school. She caused all the row by telling about the bedroom kiss.

Municipal Saloon Opens

Altoona, Wis., July 1.—A municipal saloon whose profits will build a water works was opened today, when the four saloons were forced out of business in this, the world's smallest incorporated city.

Pres. Mohler Resigns to Enjoy Life

Omaha, Neb., July 1.—Warned by the untimely death from overwork of his Big Chief, Edward H. Harriman, President A. L. Mohler of the Union Pacific and Oregon Short Line railroad, today, in the prime of life, left his official desk never to return. General Manager Charles Ware did the same thing.

Both men are in the midst of the best years of their lives, around the half century mark; and they present the unusual spectacle of this age of bustle and business right down to the grave's brink, of stopping before they drop.

Mohler and Ware are in perfect health and could have retained their offices indefinitely.

Mohler will turn farmer in Colorado and Ware will travel around the world awhile. Both men say they have not quit to sit down and die; that they will keep their minds and

bodies active, but they'll do it just after the manner they see fit.

Mr. Mohler was born at Ephrata, Pa., in 1850 and started as a freight clerk at Galt, Ill., at 19. Ware, a native of Jonesboro, Ill., started as a telegrapher for the Northwestern.

West Coast Starts Round-Up Day

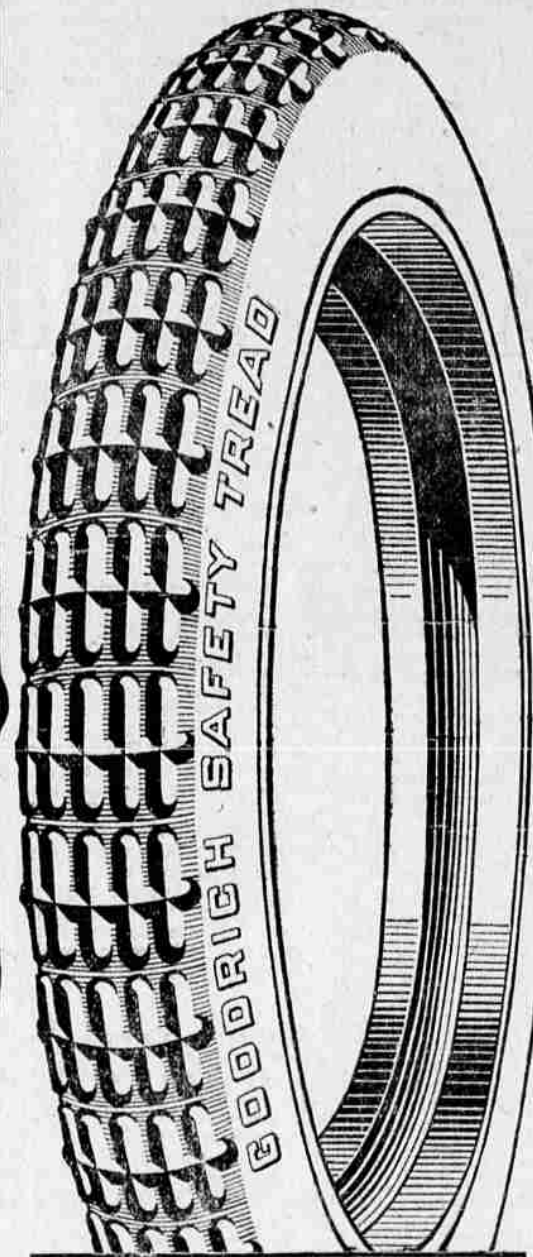

San Jose, Cal., July 1.—Hoping to establish on the Pacific Coast an annual event that shall be to California what the Frontier Day's celebration at Cheyenne is to the Rocky Mountain region, the California Round-up association began the first annual Round-up here today. All the riding and roping experts in the Pacific Coast states were invited to participate and many accepted. One of the central figures in the celebration is George Wong, believed to be the only full blooded Chinese cowboy in the world.

Cleveland's Defenders in Camp

Camp Perry, O., July 1.—The Volunteer defenders of Cleveland, sixth city, detained here today for a week's maneuvers and instruction in tactics of war. This citizen force of 500 will learn how to make and break camp quickly, trench digging, bomb throwing, scouting, charging, machine gun manipulation, and other things every regular of the U. S. army is supposed to know.

One of the features of the camp will be an exhibition drill of 100 Cleveland women volunteers, the auxiliary of the training school. They received instruction in Red Cross work this spring and will demonstrate their ability before Gov. Frank Willis. The women will not encamp, merely visiting the national guard grounds here one day.

Why Spend your Money,
"with a Spade"?

THRIFT does not mean Penuriousness!

Its first principle consists in getting FULL VALUE for each Dollar of Income expended.

Getting less is not complimentary to the intelligence of even a Millionaire.

Being liberal and generous, in affairs where it is proper and deliberate to be so, differs widely from being thrifless, thoughtless and careless in buying things, on a business basis.

A habit of "Jumping at Conclusions," instead of Thinking out these Conclusions, costs many a man a lifetime of Un-success.

TOO many Americans indolently act upon the shallow theory that an article "must be" WORTH more, merely because it Costs more.

They are thus taxed a heavy price, all through life, for such an indolent habit of Thought.

They work hard, industriously and intelligently, to acquire money. Then (for their personal needs) they "Spend it with a Spade."

Is this complimentary to the judgment of even the Wealthiest?

Do people become Wealthy who acquire the careless HABIT of "Spending Money," instead of intelligent, thoughtful BUYING with it?

MONEY cannot make BETTER Fabric Tires,—at ANY price,—than Goodrich 47-Year Experience,—300,000,000 lbs. Purchasing-Power, and Deliberate Intention, are now producing.

No Rubber Concern in the world could afford to offer the low Fair-List Prices here quoted, on Fabric Tires (for such HIGH quality) without the enormous Goodrich VOLUME, which so reduces Cost as to make these lowest prices possible.

When, therefore, you pay MORE than these Goodrich Fair-List prices for ANY Fabric Tire, you are NOT getting "better" Tires.

Test out Goodrich Tires,—and see!
THE B. F. GOODRICH CO.
Akron, O.

Goodrich "Fair-List" Prices

(SAFETY-TREADS)		
30 x 3	Ford Sizes	\$10.40
