

Wear Gossard Corsets They Lace in Front

The gowns for the summer season demand corsets which fit the figure as perfectly and as smoothly as a glove fits the hand. To obtain a certain kind of figure is the desire of the fashionably dressed. Which corset shall it be?

Only the model that will shape the form into fashionable contour, without a shade of discomfort. We know the "GOSSARD" to be the corset. This store is becoming more and more every day, the corset store of this town, and there is a reason. None better than the GOSSARD SOLD FOR

SHERRY'S

At Sherry's Thursday and Friday.

Dorothy Bernard, talented play actress, who is seen in support of William Farnum in the William Fox production, "A Man of Sorrow," is the latest motion picture actress to be made the subject of poetic praise. It was written by an admirer of Miss Bernard in Detroit, Mich., and follows:

"Dear Miss Bernard: It's very hard, when one is not a poet, "To put a bluff and write such stuff— and then have nerve to show it. "It's all a game, but with your fame, I know you'll be kind-hearted "And pity me. (It's hard, you see, for me to get this started.) "My little song will not be long, it's better called a ditty, "I've no repute for being cute, nor credited at witty. "Now ain't it strange that for a change my thoughts in verse I'm writin'?" "And all the while I see you smile

while you your lips are bitin' "To check the laugh, which, at my chaff, may seem not quite the caper, "But I can't link the thoughts I think with pen and ink and paper. "Last night I saw 'The Broken Law,' dramatic sure as ever, "Miss Dorothy, there's none can be so sweet as you, or clever. "I cannot state (here on my slate) which feature's most appealin', "For 'tis the whole, which, 'pon my soul, around one's heart comes stealin'. "Your eyes, I vow, I still see now—they're well worth lookin' in, "But here's my toast, what 'gets' me most: That Little Quiverin' Chin."

Snake Rides With Fruit
Baker, July 1.—After journeying from the tropics and being handled by many persons, a three-foot snake reached its destination in Kirkpatrick's grocery store today. Soon after it started to crawl along the wall it was seen by Roland Miles, who gave the alarm and there was a scurrying in the store until employees killed it. The snake's color was almost identical with that of the banana stalk and is believed to have been highly poisonous. The bananas were shipped direct from New Orleans to Baker.

FIXING UP SOME
at your place? Then don't fail to start right by getting the right lumber, shingles, etc., and that, of course, means getting them here. You'll appreciate that fact more and more as time tells the quality of our lumber. Ours is seasoned before it goes into a house.

Motor oil made from asphalt-base crude gives best lubrication with least carbon. Such is the testimony of motorists and experts alike. As Lieut. Bryan, U.S.N., puts it: "Oils made from the asphalt-base crudes have shown themselves to be much better adapted to motor cylinders, as far as their carbon-forming proclivities are concerned, than are paraffine-base Pennsylvania oils." Zerolene is scientifically refined from selected California crude— asphalt-base—not only made from the right crude but made right. Dealers everywhere and at service stations and agencies of the Standard Oil Company.

PLENTY MUSIC FOR THE CLUB

SONGS AND BAND NUMBER ARE COMPOSED

Speed Em Up Races Inspire Musicians and Poets to Muse

The La Grande Motor Club is to have several musical features as part of its institution. J. David Haines is composing a lively one-step which will be introduced to the public in due course of time, and already M. L. Carter's "Speed Em Up" song set to the tune of a familiar air is becoming popular among club members.

Mr. Haines hasn't introduced his band piece but will in due time. Here is Mr. Carter's production:

Speed 'Em Up.
Some like to ride in aeroplanes
Away up in the air,
Where people are not bothered with
A muddy thoroughfare,
But nothing with the motorcycle
Ever can compare
If you'll only Speed 'Em Up.

CHORUS.
Speed 'Em Up, when you are racing,
Speed 'Em Up, when a contest facing;
After you the boys are chasing
And you'll have to Speed 'Em Up.

Come out and see the cycle race
And be up in the style,
Where every half a minute means
The best part of a mile,
And every speeding demon tries
To win the biggest pile—
For they always Speed 'Em Up.

There's racers in our company
Of national renown,
They're talked of in the country and
They're known in every town.
With daring, grit and gasoline,
They're pretty hard to down,
For they always Speed 'Em Up.

We have a brand new speeding track
That cannot be surpassed,
Where we can race and set the pace
To suit ourselves at last,
Where cops don't come and yank you
up
For traveling too fast,
And we always Speed 'Em Up.
—M. L. CARTER.

Uncle Sam Gets Title to Railroad.
Washington, July 5.—One more big step was taken in the development by Uncle Sam of Alaska today when he paid the final \$1,000,000 for title to the Alaska Northern railroad. Five hundred thousand dollars of the million and a half purchase price was paid last February. Today's payment marks the transfer of the title to the property from the original owners to the American government. From the time of the first payment until the final payment today the title has been in the hands of a trust company here. This final payment is the forerunner of the actual opening of the coal lands of Alaska to settlers this fall. Secretary of the Interior Lane doesn't know exactly when this opening will be announced, but it is expected to be before early winter sets in. The Matanuska coal fields of Alaska are among the richest in the world; and the small miner is to be given a chance to make a living and a competence from small claims Uncle Sam will parcel out. The government has carefully guarded these coal lands from monopolization by big holding companies. In stopping the development of all claims, regardless of who held them, just to be sure to keep the lands from being monopolized, Uncle Sam has stood up so straight he has bent over backward. Hundreds of small investors will welcome the opening of the fields. Work begun on the extension and improvement of the government railroad line to the heart of the coal fields is being rushed to completion by thousands of laborers. Some of these groups of workers have built new towns on their way up the line. The line should be completed by the end of this year from Anchorage to Matanuska. From there it is to be pushed on up from Matanuska river through the Susitna valley. Secretary Lane said today he considered the Alaska Northern a good investment at \$1,500,000 because the actual value of the property; it's cost, that is to say, to the men who built it originally, was \$2,750,000.

Clergymen, Authors, Doctors Ask for Work.

San Francisco, July 5.—Clergymen, authors, doctors and consular agents are among those who apply for "any kind of work" at the State Free Employment bureau here. Dr. Edwin Fisher, a graduate of the University of Pennsylvania and former practitioner of medicine and dentistry, is on the rolls as asking for clerical employment. He got a taste of writing while translating some oriental works and does not care to go back to doctoring. Another strange case is that of Reverend Charles L. Hyde, of Niles, Cal., who wants to give up his pastorate at the First Congregational church there and go to work as a farm hand or on a poultry ranch. G. Levy, Mexican vice-consul here when Madero was president of Mexico, now seeks a job as a clerk, and Professor T. R. Holmer of Oakland, "human science expert," author of books telling how to fit a man to a vocation, now seeks work as a common laborer.

A Hacking Cough Weakens the System.

Don't suffer with a hacking cough that has weakened your system—get a bottle of Dr. King's New Discovery, in use over 40 years, and benefiting all who use it, the soothing pine balsam with tar heal the irritated air passages—soothe the raw spots, loosen the mucus and prevent racking the body with coughing. Dr. King's New Discovery induces natural sleep and aids nature to cure you.—Adv.

Taking Big Chances.
It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the trains or steamships. Attacks of bowel complaint are often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.—Adv.

The Crops are Growing Fine at
PALMER LOGGED OVER LANDS

\$15 Per ACRE
1-10 Per Year 6 Per Cent Interest

We have some fine places from 80 acres to 320 acres of as good land as any yet sold, well located, water, fairly level, good soil. These places will make valuable grain farms or dairy ranches.

25 families are now living on their places.
1000 acres of new land is now in crop.
A dozen new homes are being built.
The grass is green and pasture excellent.
The roads are in good condition.

The school and Sunday School are in session.
More land is being cleared and fences built.
New houses and new crops are showing up.

A new community is rapidly developing and new capital being created, for Palmer Valley lands will soon be worth several times their present price.

Palmer logged over lands are the best new land offers in the West today. Write for our new circular and additional information, or call and let us show you samples of grains and grasses, and pictures of the land. George Huntington Currey will go with you at any time to show you the tracts that are still unsold.
