The partners do business as the Enterprise Fruit company. The store is 6 feet and 11 inches wide, and 30 feet deep. These figures are given to satisfy Mr. Riley who has threatened dire consequences to any man who says the room is only five feet wide. But then he claims it is seven feet wide, and anyone with a yard stick can prove how feckless he is with figures.—Enterprise Chieftain.

SWEET CAPORALS STILL CIGARETTE FAVORITE.

Demonstrators in the City Show Why This Brand Has Retained Its Popularity.

Few men, as they grip their favorite cigar or cigarette and puff enjoyingly, remember their first flirtation with Lady Nicotine. If they could they would undoubtedly recall how, as a boy, and possessed in some mysterious way of a package of cigarettes, they sneaked back of the barn and initiated themselves into what they believed to be the rudiments of a man-of-the-world's knowledge. If their acquaintances with the week came about in this fashion it is reasonable to believe that the cigarette they so closely guarded and smuggled were Sweet Corporals. And although perhaps forty years have passed, Lady Nicotine never smiles so sweetly as she did on that long-ago day. Demonstrators are now in the city and are explaining how Sweet Corporals, first made in 1873, have stood the test of time by reason of the high grade tobacco and paper used. The sanitary conditions under which the cigarettes are manufactured are also explained.
