Roy M. Carroll Arrives to Box Vic Berger This Evening

After weeks of careful training and preparation the boxers who will contest this evening at the Elks' old auditorium, have been pronounced in prime condition for the events. Everybody who witnessed last evening's exhibitions, in honor of the Speed 'Em Up guests, were so well pleased with the high-class displayed by the boxers and the careful manner in which the entire affair was conducted, that they started out to boost for tonight's affair.

The main event will be a ten-round go between Vic Berger and Roy McCarroll of Butte. Both these men possess good records as clean devotees of the manly art and can be depended upon to acquit themselves creditably and finish a satisfactory exhibition. McCarroll, who has been doing his training in Pendleton, where he is engaged in the automobile business, arrived here this noon and is in splendid condition. His record is

well known to the followers of boxing all over the Pacific Northwest.

Berger has been here before having boxed at the Elks' smoker some time ago. His record is also long and creditable.

The two preliminaries will be between clever young boxers, who are well versed in ring science.

On account of the great number of visitors in La Grande, special preparations have been made by the local committee to accommodate all who attend the events tonight. The officials who have charge of the program will be on hand early to see that every detail is carried out. On account of the interest being taken in these contests a number of women are anxious to be guests this evening. It was announced today that special seats have been provided for ladies and escorts.

Those who have direct charge of tonight's program are: Ticket office Kenneth Evans and Harry Swart; door managers, W. C. Hanson and Earl Stitt; chief announcer, Frank Bramwell; chief time keeper, Pat Foley; referee of preliminaries, C. D. Emahizer; referee main bout, J. A. Horan.

In order to seat the crowd carefully and without confusion the doors will open at 7:30 o'clock.

In 1913 McCarroll beat Battling Levinsky at Butte. This big coast favorite's defeat brought much glory to McCarroll. Benz and Rivers have likewise been boxed with him and in all he has a fine record to back him up. He is one of those clean-cut fel-

lows who have made an impression on the boxing fans everywhere he has appeared and at Butte is recognized as one of the foremost heroes of the game in that prize-fighting section of the United States.

In Vic Berger who has been making his home about La Grande for the past several months, he has a hard nut to crack. Luther McCarty at one time boxed Berger, and Gunboat Smith was knocked out by the local scrapper in New York. Jack Johnson gave Berger a handicap bout in Las Vegas once and couldn't overtake his handicap.

Both men will weigh in at about 170 pounds. Jack Horan will be the third man in the ring.

And music making rills  
Then as a back ground to it all  
The mountains kiss the sky  
In the land of the big red apple  
And the home of Cherry pie.

"Most of the pioneers who came  
And settled in this dell  
Sleep on the hill that overlooks  
The homes they loved so well.  
Each year their graves we decorate  
With flowers of every hue,  
A tribute to the memories  
Of Spartan people true,  
Who fashioned from a wilderness  
With wills to do or die.  
This land of the big red apple  
And the home of Cherry pie."

J. W. Breiver, Senator Vonder Hel-

### Russian Language a Favorite.

London, July 5.—(By mail)—The Russian language, hitherto almost unused in Western Europe, promises to become a well-known tongue of the future. German, French and Spanish were the three leading tongues taught in Great Britain before the war. German and Spanish, respectively, now rank second and third to Russian, which is eagerly sought by persons looking to vast commercial intercourse between Russia and the Allies after the war. On the other hand, Spanish leads in Germany, according to reports here.
