OIL PAINTING ATTRACTS

LECTURE FOR CHILDREN NEXT SATURDAY

General Manager of Realty Syndicate Company Explains Purposes

Concerning the fine oil-painting exhibit now being viewed by hundreds in this city, General Agent George T. Crompton, of the Realty Syndicate company of Oakland, today explained the general plan of this exhibit as follows:

"This is the day of education. Every industry in the world recognizes the fact that a University graduate is as a rule more efficient and capable of more rapid development and with a greater possibility of success than one who has had no such training. The farmer has proven that to raise good crops something more than hard work is essential. This is the season when one begins to look around for a choice of institution if it is the purpose to be in school the coming year. Where many people are found others want to be. So it is with a school, where there are many students, there is where those just entering desire to go. The great State University of California located in Berkeley is the second largest University in the United States ranking next to Columbia University, New York City. The splendid climate of Oakland adds to the attraction.

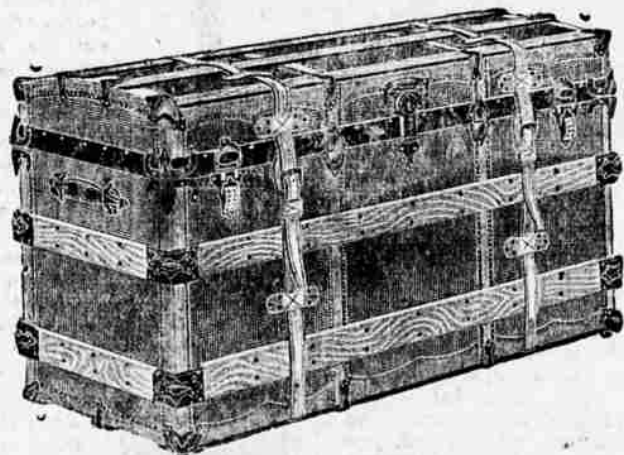

"The Realty Syndicate Company of Oakland have brought to La Grande at considerable expense a great oil painting of Oakland and its sister cities which shows the location of the University of California in a remarkable way. This painting is here on

exhibition for a few days and everyone in La Grande and Union county should take advantage of the opportunity to see a wonderful production. While it can be seen day or evening for the benefit of those living outside of La Grande, on Saturday afternoon four descriptive lectures will be given at 2 p. m. and 4 p. m., 7:30 p. m. and 9:00 p. m.

Children's Day Set
"On Saturday morning at 10 o'clock will be the Children's hour. All the school children and young people of La Grande are invited to a nature study talk on California and the San Francisco Bay. The lecturer on this occasion will be Mr. George M. Link. They will have an opportunity at this time to see the great painting."

Homesteads Allowed
Final homestead papers were allowed today at the land office to George C. Cox. He has as witnesses to his pretensions Lewis E. Titus and W. M. Haines, both of Union.
