## CITY HEATING PLANT TALKED

PLANS ORDERED PROCURED BY  
COMMISSION  
Budget Carries Appropriation For  
Installation This Year

Purchasing and installation of a  
heating plant in the city building  
became one step nearer reality last  
evening when the City Commission in-  
structed the city manager to procure  
plans and look into probable cost for  
such a project. The current budget

provides \$1750 for this purpose, and  
it is expected that the plant will be  
in working order when winter rolls  
around.

**Cement Pipes Ordered**  
Before passing a resolution order-  
ing officials to enter into a contract  
with Contractor George Gordon of  
Portland for construction of the main  
South La Grande sewer, and to Jack  
Childs of this city, for the new trunk  
sewer, an amendment was inserted  
which changes the trunk sewer ma-  
terial to cement. The cement joints  
will be made at Baker and aside from  
being reputed as superior to common  
material used, are going to cost one  
and seven-eighths cents less per lineal  
foot. Mr. Gordon was here for the  
meeting.

Plumbers' bonds which amount to  
\$500.00 annually, were referred to the  
city manager for correction, there be-

ing technical defects in them.  
J. H. Child and W. W. Randall, ap-  
pointed to investigate the new dam  
at the intake with a view of deter-  
mining what, if any, needs to be done  
to finish it up, reported back, but  
the commission decided to employ en-  
gineers with wide experience to go  
over the same field again and such  
will be done. The report of the citi-  
zens' committee was generally un-  
favorable.

### PICNIC PROGRAM READY

#### NOVEL STUNTS SET DOWN FOR FUN DAY.

#### Special Trains To Be Run, Recreation and Entertainment Provided.

The Second Division employes will  
hold their third annual picnic at Gib-  
bon Thursday, August 17. A special  
train will be operated from La Grande  
and Umatilla, and extra equipment  
provided if necessary to take care of  
the employes from Pendleton and the  
west. Committees are now at work  
arranging for many new and interest-  
ing events. There will be numerous  
prizes awarded the winners of the  
various races and games, which prizes  
are all valuable and serviceable.

The morning will be spent playing  
baseball, there being three games  
scheduled. "Fats" vs. "Leans," la-  
dies' game and a game for the boys.  
In the afternoon for the ladies there  
will be several interesting diversions  
as ball throwing contests, wheelbar-  
row race, nail driving contest, stout  
woman's race, and wood sawing con-  
test. For the men, 25 yard dash for  
the Fats, tug of war, wheelbarrow  
race for fat men, sack race and three  
legged race.

Open to all—Hunting for money in  
flour, pie eating contest, 100 yard  
dash, 16 lb. shot-put, high jump.  
There will also be a 300 yard dash for  
Indians only, which will be very in-  
teresting. Dancing will be open to  
all and an enjoyable day is assured.  
This is a good place to loosen up the  
muscles, harden the constitution, de-  
lete business worry and family cares,  
take the kinks out of a grouchy dis-  
position. You may wear last sum-  
mer's clothes and still be dressed in  
the height of fashion. There will be  
plenty of excitement and there is  
quiet if craved.

#### Tentative sports program:

**Morning Program.**

# RICH or POOR

One Price to All --- and That the Lowest

We do not create two prices on any one article by baiting you in with one-day specials on a low price today and another higher tomorrow. If an article can afford to be sold at 39c today it can be sold at 39c every day!

Nor do we bait you in with one article of wear at a low price and the balance of them at a long profit—nor do we create special sales to unload our past season's goods and out-of-date styles on you.

Our prices are made extremely low to start with which sells you the goods during the season and allows no old stocks carried over—always the new here for less money.
