LOST—Wrist bag containing crochets. Write La Grande and Cove. Leave at Observer office. Reward.—Adv. 8-12-17.

PORKERS 10 CENTS HIGHER

PORTLAND QUOTATIONS INCREASED SOME.

Cattle Holding Even and Little Change in Mutton Prices.

Portland, Aug. 14.—Hog market was firmer and 10 to 15c higher than last week's extreme level. One small lot was sold early in the day at \$9.90, but the bulk of the initial trading was around \$9.70 to \$9.75 for tops.

Cattle Situation is Steady. With only a very limited supply of cattle reported in the yards over Sunday, the market acted somewhat better and fractionally higher prices were secured for some offerings.

While general prices showed little change, the market for mutton and lambs was firmer at North Portland. For extra good yearlings the trade is now quoting a firm market at the \$6.50.

FRUIT

Blackcaps—2 boxes 25c. Peaches—10c. Watermelons—3 1-2 lb. Raspberries—1c. Bananas—35c and 40c dozen. Cocoanuts—15c each. Oranges—50c and 60c. Lemons—40c. Cantaloupe—10c; 4@25c.

Wilson to Dedicate Dam.

El Paso, Texas, Aug. 14.—When President Wilson touches the golden key which will start the waters of the Rio Grande flowing through the spillways of the great Elephant Butte dam on October 14, he will "bring in" 200,000 acres of fertile lands in the

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

● A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only troubling.

HUNTERS OFF FOR THE HILLS

DEER REPORTED PLENTIFUL THIS FALL.

Game Department Promulgates Several "Don'ts" for Hunters.

This morning artillery requisite in killing deer, grouse and other game went into prolonged siege in these parts. The game ban is raised and the fun is on for a period of several weeks. While grouse are seemingly plentiful, it is not expected that the first day's hunt will be unusually successful for La Grande.

Grouse are seemingly plentiful and timbermen say deer are more prolific than usual. Word was brought to La Grande last evening by Mr. and Mrs. George Huntington Currey, returning from a tour of Wallowa county, that four splendid deer appeared near the roadway in Wallowa canyon yesterday. In the Beaver creek country several deer have been showing themselves at frequent intervals this summer.

Numerous hunting parties left La Grande this morning at daylight, and by tonight yarns will begin to spin—hunting yarns these will be.

It is timely to emphasize some "don'ts" in connection with hunting which the state game department has promulgated. Here they are:

Don't carry a gun cocked. Don't carry a gun with the muzzle up; keep it pointed to the ground.

Don't drag a gun over a log or up a hill by the muzzle. Don't kill more than the legal limit—three bucks. The does and fawns are protected at all times.

Don't leave camp without putting out the campfire. Don't shoot at a moving object in the brush unless you are absolutely certain it is a buck. Three deaths resulted last year because sportsmen mistook human beings moving in the brush for deer. This is absolutely inexcusable and is made a criminal offense under the law.

Don't shoot until you can clearly see that the object you are shooting at is a buck deer.

Should Bear Three Babies, She Says.

St. Paul, Minn., Aug. 14.—"There will be no need of birth control legislation when women demand that science cope with the fear of motherhood, which is the real cause of all this agitation for laws permitting the control of the size of families," said Mrs. Robert B. Liggett here today.

She has just completed a three weeks' lecture course on "Twilight Sleep" in Detroit. "American families are decreasing in size every year even without birth control laws," Mrs. Liggett said. "This decrease in our birth rate is alarming. Every American woman must bring to maturity at least three children or our nation will go backward instead of forward."

"It is the immigrant woman who is keeping up the birth rate now. American women are dodging motherhood, and clamoring for birth control because they are physically afraid of motherhood, not because they are afraid of poverty or do not wish to give their time to the care of babies. "The higher education which we are demanding of our girls is unfitting them for motherhood, because it is developing them to a high nervous tension and making them more keenly sensitive to pain. We cannot condemn our women for wanting to control the size of their families unless we give them some means of eliminating the pain which they know they must face to bring children into the world. With easier motherhood there will be no need of birth control."

Mrs. Liggett will make a tour of Michigan and Indiana for the same propaganda. Mrs. Liggett is conducting an educational campaign among women urging that they demand emancipation from the traditional belief that childbirth must be accompanied by danger and suffering. She has assisted in raising a fund to be used in establishing a Twilight Sleep ward in the Women's Hospital at Detroit—the first such ward to be made available for women who cannot afford to pay for the treatment. Mrs. Liggett claims that with better trained physicians for obstetrics, more scientific knowledge by women of the care they should take of themselves and a universal demand toward relieving the suffering incident to maternity, birth control will not be necessary.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: S. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Don't shoot until you can clearly see that the object you are shooting at is a buck deer.

Poultry Raising in Union

(Union Republican)

W. Halsey, of Union, received 960 day-old Everlay chicks last spring, and out of the bunch thus far he has lost about 160 birds, 60 being dead when the shipment arrived. Mr. Halsey now has about 400 pullets out of the lot, and the balance of cockerels he has sold during the "fry" stage at about 17 cents per pound, the birds weighing about two pounds each. The Everlays are expected to begin laying at about four months.

Mr. Halsey has three acres in wheat which he will feed in the bundle. He will not keep any male birds on the place finding that infertile eggs will sell better than fertile ones. Mr. Halsey is pleased with his start in
