Liver Trouble. "I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease,

Lack of War Orders Shuts Factory. Montevideo, Aug. 23.—Lack of war orders for frozen meats has caused the closing of Frigorifico Uruguayo, or Uruguayan Meat Freezing Plant in the district of Cerro and the consequent throwing of 2,000 men out of employment. Unemployment is rapidly reaching a critical stage in the district, as the number of unemployed has doubled several times by the closing of allied industries. More men are being thrown out of work daily. Much suffering has resulted. Stock farmers in the interior have also suffered big slumps in the prices paid for their product. The belligerents in Europe do not want any more of these meats right now and there are no ships for the plant's production to be shipped elsewhere in.

The young business man measures the importance of his enterprise by the vision which he has of its ultimate growth.

The Officers of this Institution, in like manner, measure the importance of his bank account, not by the size of its initial deposit but by its possibilities for development.

We cordially invite the accounts of young men embarking in the business world.
