

# Banish All Bugs

The old method of driving out the bugs was not as successful as the modern method of killing them. At this season you should rid your home of all bugs and insects.

### NEWLIN'S "BUG DOOM"

Kills bugs of all kinds.

It is in powder form and can be used with perfect safety. Just sprinkle it around the baseboards and in the cracks. It will surely get them in a very short time.

## FINE PICTURES REACH SCHOOL

RIVERIA WILL HAVE MAGNIFICENT COLLECTION.

Money From Last Spring's Art Display Spent to Good Advantage

Fruits of labor and patronage expended last Spring when a famous group of art pictures were on display in Riveria school, have shown themselves. Two \$5.00 pictures done in carbon for each of seven school rooms in Riveria school and a \$20.00 "aurora" picture done in colors for Miss Bork's room in that school have arrived and are now in charge of Mrs. Nellie Neill, principal. As soon as she can assemble her teachers she proposes to have them select suitable frames and then the works of art will be prepared for the walls of the building.

Before they are hung up permanently they will be on display down town where the public may see them.

The effort to raise the 70 odd dollars needed to obtain the collection was expended last winter in gaining good crowds at the art displays for which small fees were charged. Better than \$70.00 were collected and added to this was about \$14.00 from the Parent-Teacher association sources which brought the whole above \$80.00 and gave the school liberal discount, so that the pictures now in hand really represent considerably more than the purchase price.

"We are much elated over the pictures" declared Mrs. Neill after giving them a cursory inspection, "and we are anxious now to get the best possible frames put on them. Glass is expensive and this is going to be considerable of an item."

### Driven Home by Snow.

Mr. and Mrs. George Birnie had to cut their camping trip at the Grande Ronde river, short by several days on account of snow and severe cold. They returned three days sooner than expected. During their stay at Mud lake, in that group of water bodies, they were directly beneath a terrific thunder storm which struck the lookout station on the highest of the three peaks doing sentinel duty back of the lakes, and from the peaks of which the Greenhorn region looms clearly. The lookout described the night to the Birnies as one the likes of which they hope never again to undergo.

'Best by Test'

years, was the experience yesterday of Mrs. Anice Vedder of Freewater, who was in Baker to attend the funeral of her brother, Lewis Butts, killed last week near Hereford by J. F. Allen.

Returning from the funeral, Mrs. Vedder noticed for the first time the bell boy, Fred Hickman, aged 25, and immediately inquired of Leo Elliott, day clerk, as to his name. "I just know he's my boy," she declared. "He ran away 10 years ago from our home in Tennessee to join the navy, but I can still recognize him."

Mrs. Vedder asked for an interview with Hickman, but the latter after talking with his would-be mother, declared there was no chance of any relationship, although he had lived at one time in Tennessee. He avoided meeting her all afternoon.

Mrs. Vedder left last night for her home, still firm in the belief that Hickman is her son.

### Just the Thing for Diarrhoea.

"About two years ago I had a severe attack of diarrhoea which lasted over a week," writes W. C. Jones, Buford, N. D. "I became so weak that I could not stand upright. A druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. The first dose relieved me and within two days I was as well as ever." Many druggists recommend this remedy because they know that it is reliable. Obtainable everywhere.
